Parade of floats outstanding event of 'homecoming' week

The parade of thirty floats Friday afternoon was the outstanding feature of entire home coming week, judging from opinions expressed along the line of the parade. Spectators gave many "ohs" and "ahs" as the parade, headed by a VFW color guard and the high school band, filed past.

The float carrying the king and queen and their attendants was an appropriately decorated hay rack pulled by a jeep. It was entered by homeroom 206, of which Mrs. Elfeld is the teacher.

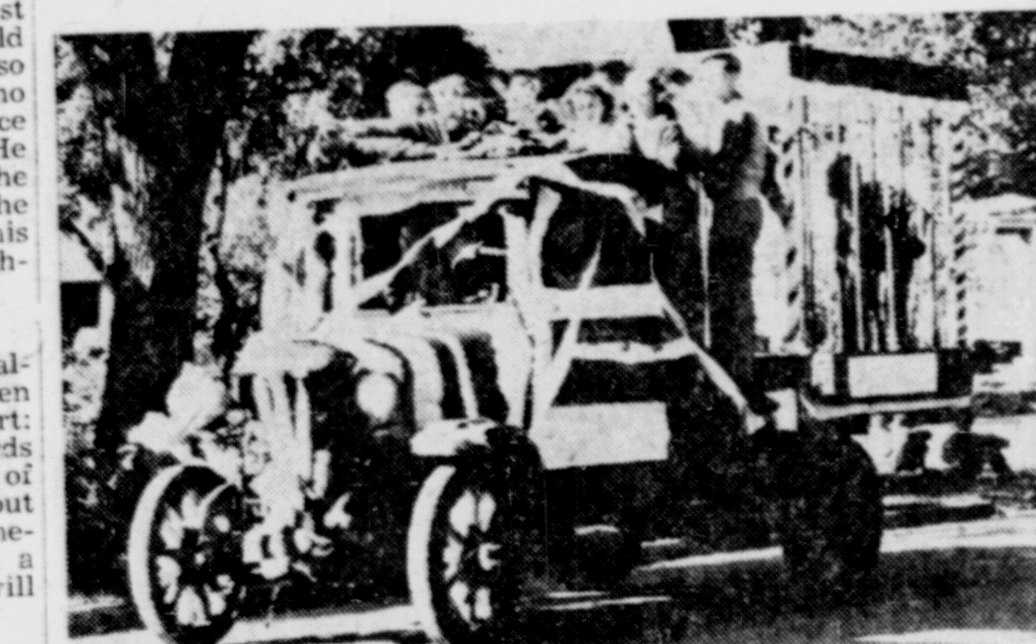

Seated on the throne, holding their crowns are Marvin Bershet and Sue Schuett. The attendants, from left to right, are: Jean Busse, Rosita Allen (observed), Bill Wagner, Walter Beckman, Joan LaMar, John Fellingham, Virginia Tidd, Lew Drayer.

The arrangement of the float was done by Jean Baldwin, president, Arnold Piepenbrink, Bill Schuman, Bill Lancilote, Bill Lasley, Rosita Allen and Walter Beckman.

FIRST PRIZE of \$10 went to homeroom 107, of which Miss Younggreen is the teacher. Robert Heller, room president, directed the decorating, which was done by Eleanor Staudenbauer, Norman Spratt, Ingrid Schuren, Virginia Tidd and Elwood Haake.

The motif of the float was a large cage, 8x8, in which was encased Nancy Nichols, dressed in black and orange as a wildcat representing Libertyville. Norman Spratt, dressed in Cardinal football gear represented Arlington. The sign read "Whip the Wildcats," which was done in mock fights at various intervals.

SECOND PRIZE, "Let's Roll over Libertyville," was won by homeroom 208 with a model T camouflaged with red painted cardboard to represent an armored car. Nes Kurtz, dressed as a Libertyville football player

ATTENDED A MEETING of the high school board Monday night and learned a lot of things. Those "dollar-a-year men" who handle a lot of business—it was \$50,000 worth that one evening.

MELTING SNOW on a roof to prevent leakage into classrooms may seem a little fantastic, but it appears to be the only way to be stopped. Heaters may be installed on downspouts of the old building. In the new addition the downspouts are within the structure.

THE SCHOOL BOARD did not go on record as opposed to the possible establishment of a bowling alley on the Northwest Highway as requested by the Arlington Ridge resident. The members did, however, as individuals, express their disapproval of licensing a bowling alley if a tavern license goes along with it. All agreed that Arlington should not license any additional taverns over the present number of thirteen.

WHILE TALKING ABOUT taverns, the board instructed their attorney to check up the law regarding the operation of taverns within a specified distance of a school. Attorney Collins will advise the board if "school" means the building or the school property.

THE SCHOOL CAFETERIA is paying its way, but its dietitian can not understand why so many pupils pass up a well balanced meal at \$35 for an a la carte meal that costs 42c. "Perhaps we should try selling the parents on the school plate idea," said Mrs. Morrow, board member. "My daughter says that the plate lunches are too filling," said another board member as all the way.

OTTO GAARE sent us a few circulars of FW-Bar Ranch, which he is the operating owner. As we had not taken our vacation, we were just ready to wire for reservations when we read: "rates \$60 to \$90 a week, single, including saddle horses, equipment and guide." We can't ride a horse anyway. The circulars are here for anybody who is interested.

RAMBLE INN is planning on another of those Halloween parties. There will be a lot of prizes for which the business men are now being visited. It is a sane way to celebrate Halloween and the general public agrees with the boys and girls all the way.

Community Camera

Community Camera

ing of a battered wildcat being mauled by a pair of impudent looking cardinals.

The instructor is Edward Paulas, Roger Breda, president; committee members, Charles Fisher, Arthur Brownell, Victor Bittner, Norman Ashcraft, Arnold Busse.

JUDGES of the floats were selected by the Woman's Club. They were Mrs. Muriel Walton, Mrs. Margaret Blaschke and Mrs. Ruth Ewert.

The parade was arranged as a substitute for the snake dance of previous years and according to the pupils themselves, they got a much bigger kick out of this year's plan. The parade was in charge of the student senate with Mr. Slichenmeyer as faculty adviser.

There is still time for two Mt. Prospect boys save house from fire Tuesday

Registrants for four untitled courses in Arlington Heights high school adult classes are so disappointed over the dropping of the courses, arrangements have been made to accept further registrations. They are photography, sociology, men's gym and ballroom dancing.

These courses are open to residents of neighboring communities as well as Arlington. Details can be secured by phoning Arlington 200. The classes meet Monday or Wednesday evenings.

a father replied, "my son thinks the plates are too small."

"HOW ABOUT RADIANT HEAT installed in cement bleachers," smilingly asked Walter Kroeber of the grounds committee. "Why not also allow customers to try hamburgers on the steps?" was the rejoinder of the Prospect Heights member.

OTTO GAARE sent us a few circulars of FW-Bar Ranch, which he is the operating owner. As we had not taken our vacation, we were just ready to wire for reservations when we read: "rates \$60 to \$90 a week, single, including saddle horses, equipment and guide." We can't ride a horse anyway. The circulars are here for anybody who is interested.

Arlington to keep control of foreclosures

Arlington Heights village board will deliver no blank check to those who seek foreclosure proceedings. Mayor Goedke at Monday night's meeting decided that the proposed foreclosure committee shall comprise the entire village board.

Mr. Markman, of Markman, Donovan, Sullivan, had previously suggested that a special committee be appointed to whom he would refer all contemplated foreclosure actions. On that basis he asked that the board allow him to proceed with actions against remaining delinquent properties in the northern part of the village.

THE BOARD did not deny him the right to start the actions, but as members of the committee they will have the final approval of properties selected and the amount of bids. Mr. Markman stated that it was his intention to bid the amount of the big sewer assessment on all foreclosures. This would mean that he would be compelled to turn over to the village the full value of the bonds, as had been asked by the village as one of the requirements for future approval of foreclosures. This also means that owners who desire to redeem their properties will have to either pay-on-the-line or make a settlement with the holders of the bonds.

BIDS ON NEW pump and building changes were rejected on recommendations of the engineers. The bidders were Standard Power Equipment Co., \$13,216 and J. B. Miller Arterial Well Co., \$12,220.

Plans and specifications for the construction of a macadam roadway on North Salem street, from Northwest highway to end of property owned by the high school district, was approved. The school board, meeting the same evening, awarded the contract for the work to Edw. Hase-man, Palatine, for \$5,200. Other bids for the work were Milburn Bros., \$6,000 and Rockroad Construction, \$7,000.

ENGINEERS were directed to prepare dedication plat for the opening of Belmont ave. from Friedrich to Olive street and Friedrich street from Belmont to Hickory. Clerk was instructed to advertise for bids on a two-ton truck to be opened Nov. 3. Contract for redecorating village hall and nurse's office was awarded to Otto Dueball for \$451.

Board members also pleased with home coming events

Board members of Arlington Heights high school expressed their approval of this year's home coming week. To Principal Knoepfel, Monday evening, "From what I hear," said Mrs. Morrow, "the pupils themselves are as pleased as are the mothers and fathers."

Other matters considered by the board who were holding their regular October meeting that evening are:

Mr. Knoepfel reported that 18 classes are in session in the adult evening course. The courses are self supporting. The registration fees paying the instructors, janitor's fees, etc.

Two Magic Chef stoves will be added to the cafeteria equipment. This department is self supporting and the purchase price of the stoves will come within the budget.

Valentine Weber was directed to furnish a plat of the newly purchased school intramural field. All except two planers for use of the vocational department have arrived. A number of the machines and other supplies that are arriving today were back ordered two years ago. Prior to the meeting the board members took an inspection tour through the new addition.

Four young people escape death by inches Tuesday night

Two Arlington Heights boys and two girls riding bicycles Tuesday night without the display of lights as is required by state law, narrowly escaped death when an autoist just saw them in time to swerve his car. He reported the incident to Chief Skoog.

Schools suffer by withholding of funds by county treasurer

Suggested as one way to get the early release of protested tax funds by County Treasurer Nelson local tax payers may be asked to voluntarily withdraw their objections to local school taxes. That suggestion was made Monday night at a meeting of Arlington Heights High School District No. 214. The district is faced to a near return to the condition of the depression years when schools had to resort to tax anticipation warrants in order to keep operating. Taxes withheld from the elementary schools of Wheeling township are relatively small, says Geo. K. Volz, treasurer. In some of the districts the amount is less than \$100.

ATTORNEY COLLINS of the high school district was directed to secure a list of 1946 objectors and to press claims for withheld taxes of previous years. The treasurer is holding \$34,000 of district 214 funds. A special committee of the board was appointed to take whatever steps may be necessary to secure a release of at least part of those funds.

The same committee will endeavor to collect from the non-high school district. The Arlington high school board authorized payment that evening of \$8,000 to the Northbrook high school covering tuition and transportation of Wheeling students who attended that school last year. It has received no money for similar service given to non-high school pupils.

School District 57, Mt. Prospect is in somewhat the same position as the high school. There is a substantial amount being withheld by the county treasurer. Definite figures are now being secured by the school board.

WHEELING TOWNSHIP schools are not the only ones who are asking an accounting of the county treasurer, Attorney O. L. Lewis, representing the village of Lansing, Thornton Township Fractional High School district and Lansing School District 158 served notice Tuesday that he would appear Friday before Circuit Judge Brothers to start action on a mandamus suit filed September 23, 1947, to compel the county treasurer to distribute \$44,600 in 1942-1944 tax collections.

Meanwhile Louis E. Nelson has distributed several million dollars to Chicago taxing bodies. He has abandoned his rule to withhold one-third of the protested taxes. Hereafter withholdings for each taxing body will be based on the merit of the objections rather than on flat protests filed by the lawyers, the treasurer states. However the freeing of funds for small taxing bodies will await conferences between attorneys for tax objectors and for the Tri-County School Boards' association and Illinois Municipal League.

A meeting of the taxing bodies of Proviso township will be held November 12 at the Oak Park club.

Bdy of son returned to Arlington couple by war department

Mr. and Mrs. John Deutch, Rand road, Palatine, received word this week that the body of their son, John A. Deutch, is among the first contingent of gold star heroes from the Pacific area which are being returned to this country for burial. The remains are expected to arrive in Chicago by Saturday. They will be interred in Rosehill cemetery.

The deceased was making his home with his sister in Chicago at the time he was inducted in service October 17, 1941. From then until early 1944 his time was fully occupied with training and fighting in the service of his country. He was wounded three times. Feb. 19, 1944 he fell on the battle field of Eniwetok, Marshall Islands, in the Pacific, which marked the first great advance of the American forces in their drive across the Pacific to Japan.

His parents moved to Wheeling township in 1939.

Scout court of honor at field house Friday

Parents and friends of boy scouts of this district are invited to the Court of Honor to be held Friday evening at the field house, Arlington Heights.

Arlington boys use tomatoes to get even with RR engineer

A group of Arlington Heights boys, with their parents, were taken into the office of Chief Skoog Monday night where a C. & N. detective asked them why they threw tomatoes at the engineer of the 5:15 train a few evenings earlier. An Arlington Heights man on the train in a question had recognized one of the boys and gave the tip to the police which led to their questioning.

Their alibi: "The engineer had 'steamed' the boys the previous evening and the youngsters vowed to get even." The detective told them that the engineer would be severely reprimanded, but the next time they had such a grievance they should report the matter to the local police, who would in turn notify the railroad.

New shop opens

Irene's, a millinery and women's specialty shop, will open Saturday, October 18, at 207 N. Evergreen st., Arlington Heights. The proprietor, Mrs. Irene Weidner, is making her business debut in an unusually attractive quarters, the planning and much of the decorating of which she has done personally. The public is invited to attend the opening Saturday.

Set November 4-5 as dates of church bazaar

After months of preparations the members of the Presbyterian Women's Association of Arlington Heights announce that their fall bazaar will be held November 4 and 5 in the church basement.

Mrs. Harold Peter is chairman of this event and is assisted by Mrs. Andrew Sim and numerous committees. Mrs. Albert E. Goldthwaite is the chairman of the Association.

It is hoped that all the women in Arlington Heights will plan to do their Christmas shopping at the bazaar.

Get A Trusted Pharmacist's Advice

by C. W. LUSSMAN
of Sieburg Drug Co.

A conscientious pharmacist will be glad to inform you of what is known of any medicine you are tempted to purchase without a doctor's prescription. While the pharmacist knows there is no substitute for the doctor's diagnosis, and his prescription for any illness, nevertheless the pharmacist's knowledge and training make it possible for him to interpret all types of drugs and their degree of potency.

Make sure the medicine you contemplate purchasing is at least safe, by consulting a reliable pharmacist before making your purchase.

St. Johns hosts of regional church school leaders this Sunday

The Arlington Heights regional church school leaders workshop will be held this Sunday, October 19, at the Arlington Hts. St. John's church. The workshop will begin with registrations at 3 p. m. and will close at 8:30 p. m.

This workshop is sponsored by the Board of Christian Education of the Northern Illinois Synod of Evangelical and Reformed churches. The church school superintendents, officers, teachers and leaders of all departments, as well as interested parents are invited to attend. Registration fees will be one dollar per person.

Supper will be served at 5:30 p. m. by the Friendly Circle of the Women's Guild.

Suit Filed By Roselle Man

A suit asking for \$11,000 damages has been filed in the circuit court at Wheaton by John Kennedy of Roselle against William Huber of Marengo, a tavern keeper. The damages are sought as a result of an auto accident which occurred last January 20 on Route 20.

THE PLAINTIFF claims that his car was damaged to the extent of \$1,000 and that he is asking \$10,000 personal damages because of bodily injuries suffered in the accident.

The defendant is charged with negligent driving and driving on the wrong side of the highway.

Linnemann family settled in Elk Grove 100 years ago

The celebration last Sunday of the golden wedding anniversary of Mr. and Mrs. Louis Linnemann, represented the third to the sixth generation of Linnemanns in Elk Grove township. This Linnemann family will observe the centennial year of its arrival in America the coming November.

The grandparents of Mr. Louis Linnemann, Christian and Dorothea, left Bukkeburg, Germany, in July of 1846, arriving in November of the same year. They first came to Niles and stayed with the Gewekes for the winter, coming to Elk Grove in April of 1847. In Elk Grove they purchased forty acres from the government which is still in the family's possession. They had 4 children, Henry, Dorothy, Sophia and William.

William took over the homestead and married Christina Geweke. The William Linnemanns had four children, Sophia, Henry, Louis and Anna.

Louis stayed at the homestead and married Miss Minnie Boenkauer on October 10, 1897. They had eight children, Louis, Arthur, Lillian, Esther, Gilbert, Elmer, Helen and Ruth. They have eleven grandchildren and four great grandchildren. The immediate family totals 34.

Diphtheria toxoids to be offered at local schools next week

Diphtheria toxoids will be offered in all Arlington Heights elementary schools next week to the positive reactors to the recent Schick testing program, and to those children who have never been immunized. Pre-school children will be cared for by appointment only. Toxoid will be given in three doses, three weeks apart; 50 cents will be charged for each dose. Local physicians will be in attendance.

The schedule is: October 20: St. James school, 9 a. m.; St. Peter's school, 1 p. m. October 21: North school, 9 a. m. October 22: South school, 9 a. m.

Appointments may be made with the school office or by calling Mrs. Thelma M. Carroll, the community nurse, at her office between 8:15 and 8:45 a. m. or 4:00 to 4:30 p. m. Monday thru Friday. Phone 530.

Parents of school children must return signed slips to the school before toxoid will be given.

VFW 8th division dance at Arlington Saturday, November 1

The Veterans of Foreign Wars 8th Division of the Cook County Council is sponsoring a dance at Recreation Park, Arlington Hts. Saturday evening, Nov. 1. Proceeds of the dance will be spent toward hospital parties for the vets in Hines and Vaughns hospitals.

The 8th Division parties at Hines and Vaughns hospitals are growing in popularity and 8th Division Commander Walter Lang announces his intention to attempt to give the boys bigger and better parties than ever before. VFW posts of all the surrounding suburbs are expected to join in making this dance a grand success.

Public Notice

Notice of Proposed Change in Schedule E-2-M
PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS hereby gives notice to the public that it has filed with the Illinois Commerce Commission on October 2, 1947, revised Rate (107) 25-Street, Highway and Traffic Signal Lighting. By this filing four rates are consolidated into one, under which a flat rate for unmetered electricity is made available to agencies for use in public street and highway lighting.

The charges are arrived at by taking into consideration the wattage of the lighting units and the predetermined schedule of hours in the lighting period. A small reduction in charges will result to the agencies affected by the rates involved.

Rates 108 (26) — Highway Intersection Sodium Lighting Service, 101 (27) — Highway Sodium vice 101 (27) — Highway Sodium Lighting Service, and 89 — Highway Intersection Sodium Lighting Service, are superseded and cancelled.

Further information may be obtained with respect thereto either directly from this company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed changes in the schedule may be inspected by any interested party at any business office of this company.

PUBLIC SERVICE COMPANY of Northern Illinois

Prospective Cubs and dads invited

A recent survey conducted by Arlington Heights Cub Pack 232, with the cooperation of the local grade schools, revealed that over 50 boys between the ages of 8½ and 12 years are not now Cub Scouts but wish to join Cub Pack 232. These boys, as well as their parents, are invited to attend the monthly meeting at the North school on Friday evening, October 17, at 7:30 p. m.

MONTHLY PACK meetings are attended by cubs and their parents to give recognition to the progress made by the boys in completing the cubbing program. New cubs will be inducted and a Webelos ceremony will be held to graduate Lion cubs into scouting.

The pack committee needs the help of local dads to enable the many applicants to become cubs. If you want your boy to share in this worthwhile program you are urged to visit the coming

pack meeting and to offer your help as a den dad.

Rummage sale

St. Andrews Guild of Park

Ridge will sponsor a rummage sale October 21, from 7 p. m. 9 p. m., and October 22, from a. m. to 12 p. m. The sale will be held at Northwest highway at Elmhurst street in Park Ridge.

BEST TIRE DEAL IN TOWN!

THE NEW GOODYEAR DELUXE

34% more mileage! 10 1/2% lower price!

plus GENEROUS TRADE-IN ALLOWANCE!

YOU WIN 6 WAYS!

1. BIG TRADE-IN! Drive in — we'll give you a generous trade-in allowance on your old tires!

2. 34% MORE MILEAGE! You'll get the great new Goodyear Deluxe tires. In tests they averaged 34% more non-skid mileage than the famous Goodyear tires they replace. They have a stronger cord body, a wider, flatter tread, an improved shoulder — which means better traction, added safety, long even wear.

3. 10 1/2% LOWER PRICE! Amazingly, these great new tires cost 10 1/2% less than the old Goodyear Deluxe on all popular sizes! Other sizes also reduced.

4. EASY TERMS! On our Easy Pay Plan, you pay as little as \$1.25 a week for a set of Goodyear Deluxe tires!

5. AVOID TIRE TROUBLES! Actually, 90% of all tire troubles happen in the last 10% of a tire's life. You'll ride safely and worry-free on your new Goodyears!

6. EXPERT SERVICE! Our service men know how to install tires the right way. Get a head start to top mileage at Tire Service Headquarters!

Palatine farmer happy over condition of late planted corn

A few days ago, while out on a trip selling seed corn, J. Fred Meyer, the DeKalb Hybrid Seed Corn representative, went past the Robert Johnson farm on Golf Road in Palatine township. Seeing that the corn was especially green, Mr. Meyer drove in to see how it was progressing. Mr. Johnson said his corn was all well denting and out of danger, and there was no danger of damage by frost.

On being questioned as to planting date and varieties used, he said he used mostly DeKalb 410-MF along with some 404-A. He liked the 410-MF better as it produced more corn on good ground, had somewhat heavier leaves, apparently was somewhat more resistant to drought and the leaves and stalks remained green longer after the ears had ripened.

Taken altogether, this seemed the most desirable variety for his place. He had planted his corn on June 20, 1947, and this report was made on September 27, being just ninety-nine days after planting, which was exceptionally good considering the peculiar year just experienced.

Sept. building at record high

Permits for building of all kinds in September amounted to \$51,200,984, making this incomparably the largest month since September, 1942, which was the largest month of war plant building, with a total of \$60,023,691. These are two largest monthly totals recorded by this survey since Cook County zoning was established in 1940 and the survey was able for the first time to include in one total the city of Chicago, the suburban towns and the unincorporated areas of the counties of Cook, Du Page, Kane and Lake.

The second largest figure since September, 1942, was March, 1946 with \$47,169,139 and the third was August, 1947, with \$32,346,242. July of this year was also a very large month, with \$29,200,933. So we have had three very large months in succession, July, August and September, giving the third quarter of this year new building amounting to the impressive total of \$112,748,159. There has been no quarter like it since that ended September, 1942. Whatever may be discouraging building, one thing not lacking is a tremendous urge to go ahead full speed.

In Cook county 8 permits were issued in September which represented 2,720 dwelling units with a valuation of about \$7,500 each, making a total of \$20,402,366. This is the largest transaction ever handled by the Cook County Zoning Board, headed by Hon. Clayton F. Smith, president of the Board of Commissioners of Cook County. The 2,720 units are in the Park Forest development of the American Community Builders, Inc., near Chicago Hgts.

The grand total of all housing units reported for September was 5,179 with a valuation of \$40,152,742.

Permit figures for this area: Arlington Heights, 18 homes, \$195,000. Bensenville, 8, \$58,000. Des Plaines, 13, \$134,610. Glenview, 21, \$288,000. Mt. Prospect, 28, \$367,480. Palatine, 42, \$366,758.

Refinishing Cabinets
If the old finish of a metal kitchen cabinet is not scratched or chipped, a thorough cleaning to remove any traces of greasy film, followed by a light rubbing with very fine sandpaper to dull the gloss of the old enamel, should be sufficient preparation for refinishing. After wiping with turpentine or mineral spirits, apply one or two coats of enamel undercoater, in accordance with the manufacturer's directions on the can, and finish with a coat of enamel of the desired tint.

RAMBLE-INN 'N OUTINGS

by BILL NORTH

It was a great evening, last Friday. In fact it was a great day. That morning A. H. T. H. S. was filled with excitement as floats were built and everything was prepared for the parade. Then when the King and Queen of Homecoming were chosen amid the greatest of tension and school spirit, things were really on their way to a big climax. Marv Berschet and Sue Schuett certainly made a very handsome couple, as they were crowned. The parade with thirty floats of every kind, color (red and white dominating of course) and description was something that everyone who does not believe in the creativeness of youth should see. The parade was followed after a four hour breather by the Homecoming game. It was a tough one, but a fighting, alert and game Cardinal team came through and even the blanket of mist that had rolled in could not smother the enthusiasm of both students and adults as they watched the bonfire, the symbol of Arlington's triumph.

But the conclusion to the evening was even more exciting. It was the march down to Rumble Inn where the whole field house was jammed with students and alumni from both Arlington and Libertyville. Hot dogs, Cokes, candy, and ice cream were sold to make the evening refreshing as well as gay. All in all it was one of the most memorable days ever seen by Arlington High.

The A-Club is to be congratulated for the swell dance they put on Saturday night. The music was smooth, the decorations were snappy, and the society was snappy. It was a superior dance.

—Y. C.—
We are going to start tooting

Mt. Prospect resident receives C.P.A. degree

George F. Braeutigam, 111 S. Ioka, Mt. Prospect, is one of the 87 successful candidates who will be awarded the degree of certified public accountant by the University of Illinois October 22.

The presentation will take place at a dinner meeting of the Illinois Society of Certified Public Accountants at the Palmer House, Chicago, which will be addressed by Howard Bowen, Dean of Commerce of the University of Illinois. Presentation of the certificates will be made by D. A. Grossman, Clerk of the Committee on Accountancy of the University.

The successful winners are those surviving of 400 candidates at a three-day written examination held last May.

Hallowe'en party for Wheeling Do-ers 4-H

A Hallowe'en party and election of officers of the Wheeling Do-ers 4-H club will be held this Friday night, October 17, at the Wheeling school. All boys and girls who are interested in joining this 4-H club are invited to attend. The party starts at 8 p.m.

by the Hallowe'en horns and start shaking the Hallowe'en noise makers early this year because Hallowe'en is one evening you will want to remember.

It will be an evening of fun without destruction of property. It will be an evening without dangerous pranks. It will be an evening of entertainment without any fear of hearing about it the next day.

Ramble Inn is giving a really big carnival, party, dance, fun-fest, what ever you want to call it, it will be solid, and stupendous. There will be a long fair way with everything that a regular carnival would have. And all for free. There will be dancing up stairs and decorations that will knock your eyes out.

So don't set any plans for October 31. If you have made any plans for that date break them. 'Cause this is one thing that is a must on the year's social calendar.

—Y. C.—
When you're tired and drowsy Uninspired and feeling lousy After last week, the let down was sure to come. If you're in a crazy whirl 'Cause you've been ditched by a fickle boy or girl Who's got you feelin' lower than a bum. Don't let it get you down Don't crease your brow with a frown When there's a solution to your problems right at hand! Why not relax, recover, rest. For enjoyment at its best Is found at Rumble Inn, understand?

Cannibal Fish
Feared no less than the electric eel in the streams of South America is the formidable piranha, or cannibal fish, whose blood-thirsty appetite for animal flesh makes it the scourge of the waters it inhabits. Its ferocity is belied by its size, ranging from just a few inches to about a foot in length. Its bulldog-like jaws, armed with two dozen or so sharp triangular teeth, enable it to tear chunks of flesh from man or beast coming into contact with it. It is said that piranhas attacking in schools clean the flesh from the bones of an animal in short order if it is unable to make its escape almost immediately.

School Dist. 57 annexes area north of Golf road

By petition of over 75% of the residents in the building development south of Lonsquist Blvd. that area is now a part of school district 57, and parents of the children attending the Mt. Prospect school are released from payment of tuition. The building development happens to be within the village of Mt. Prospect, but as part of Consolidated School District 59 the children had the choice of paying tuition for the privilege of attending school within the village in which they live, or traveling several miles to attend the consolidated school on Higgins road.

Territory annexed, following a public hearing before the board of township trustees extends from Lonsquist Boulevard south to route 58 and from Mt. Prospect road west to a half section line running north and south near St. John Lutheran church.

Some of the owners of the farm lands were not very enthusiastic over the transfer. However many realize that the future development of the entire area will sooner or later require a modern school system. If the annexation had not taken place

now, the issue would have been forced within a short time. The additional assessed valuation is sufficient, in the opinion of the school board to pay the educational costs of caring for the children who will reside in the district.

Garden Club to present its tenth judging school

The Tenth Judging School of the Garden Club of Illinois, planned for exhibitors and judges of community flower shows, will be held Tuesday, Wednesday and Thursday, October 21st, 22nd and 23rd at the La Salle hotel, Chicago.

The first morning session will be opened at 9:45 a.m. by Mrs. Daniel E. Kissam, of Glencoe, President of the Garden Club of Illinois. She will be followed by Miss Anne B. Wertsner, of Philadelphia, Penna. who is Field Secretary of the Pennsylvania Horticultural Society, presenting an illustrated lecture on "Flower Show Practice." On Tuesday afternoon, at 1:30 o'clock, Miss Wertsner will give a lecture on "Horticulture." Miss Wertsner is a trained horticulturist, a writer and an experienced flower show judge and her lectures will prove inspiring and instructive.

On Wednesday, October 22nd, Mrs. Philip E. Erhorn, of Garden City, L. I., New York, will be presented in a lecture on "Flower Arrangement — Design," and in will give a lecture on Color, Table Settings, and Shadow Boxes. Mrs. Erhorn is well known as a lecturer as well as for her distinctive work in flower arrangement, has an outstanding flair for color, and has lectured at Judging Schools all over the country. The table settings and shadow boxes will be done by blue ribbon winners selected from garden clubs throughout the state.

Mrs. Hubert Nelson, of Inverness, is setting a Buffet Table for the Judging School.

Mary Lou Annen, Cliff Haemker are married

Miss Mary Lou Annen, daughter of Mr. John Annen of Arlington Heights, became the bride of Mr. Clifford Haemker, son of Mr. and Mrs. Louis Haemker of Palatine, last Saturday in the living room of the bride's home. White gladioli, mums, woodvardia and candelabra gave a festive air to the setting. The solemn vows were repeated after Rev. George Stier, who performed the nuptial rites. "Ave Maria" was sung by Mrs. Wilfred Donlea, who was accompanied at the piano by the bride's cousin, Mrs. Walter Kuster.

The bride, given in marriage by her father, was dressed in ice blue slipper satin, that was fashioned with fitted bodice, having sweetheart neckline and a full skirt ending in a long train. Her fingertip veil was of ice blue illusion and was fashioned to a crown of ice blue orange blossoms. She wore a single strand of pearls which were a gift from the groom, and carried a bouquet of white roses having a white orchid center.

Maid of honor for the bride was Miss Anita Allen and the bridesmaids were Miss Joyce Nangle, Mrs. Margaret Early and Miss Lucy Donlea. They all wore dresses of cerise velvet that were styled with fitted bodices having boat necklines and cap sleeves and full skirts having abbreviated bustles in the back. Each girl wore a single strand of pearls, which were a gift from the bride.

The bridegroom was attended by his brother, Lowell Haemker, as best man. Acting as ushers were Thomas Philbin, Owen Nangle and John C. Annen, brother of the bride.

A roast beef dinner was served at Behm's in Wheeling for the bridal party and members of the immediate families.

At 8:00 o'clock a reception for 160 guests was held at the American Legion home.

Mr. and Mrs. Haemker are now enjoying a honeymoon in the Northern sections of the country and upon their return will be at home at 704 N. Highland, Arlington Heights.

Note to college students

Chicago now has a chapter of the Lutheran Collegiate Association, which is an organization whose membership is composed of those Lutheran men and women who have had at least two years of college training. Anyone meeting this requirement, who is not already on the mailing list of this organization, should send a post card with his name and address on, to the Lutheran Collegiate Association, Suite 719, 77 West Washington street, Chicago 2, Illinois, so that he will receive notices of future meetings. An interesting program has been scheduled for this season.

At Rollins

Classes opened at Rollins College Friday, October 3, for the 63rd year with a record enrollment of 600 at Winter Park, Fla.

Registered as a freshman was Victor Iver Smedstad, son of Mr. and Mrs. I. H. Smedstad, 202 N. Benton, Palatine.

Students, according to the Dean's office, were broken into the following classification: new students 175, boarding students 400, and day students 200. More men than women were registered for the first time since the start of the war.

At Denison

Four Arlington Heights residents are among the 1,342 students enrolled at Denison University, Granville, Ohio, for the fall semester.

Harry and Lois Knaack, whose parents are Mr. and Mrs. Harry H. Knaack, 16 North Vail avenue, are sophomore and junior respectively.

Registered as a senior is Arthur Silber, son of Mr. and Mrs. Arthur Silber, 740 Burton place, while Joan Zeidler, daughter of Mr. and Mrs. William F. Zeidler, 516 Beverly lane, is a freshman.

At Lake Forest

Kendall Franzen of 315 E. Euclid, Arlington Heights, son of Mr. and Mrs. Arthur Franzen, has returned to Lake Forest college, Lake Forest, Illinois, as a sophomore for the 1947-48 school year.

At Mo Valley

Miss Patricia Page, daughter of Mr. and Mrs. Charles G. Page of 610 S. Belmont avenue, Arlington Heights has enrolled as a Freshman at Missouri Valley College, Marshall, Mo., a liberal arts co-educational school, which this year has its largest student body.

At Beloit

Two students from Arlington Heights were pledged to fraternities at Beloit College last week. Both are freshmen. Dale Williams, 337 S. Chestnut, pledged Sigma Alpha Epsilon. Patricia Brock of 454 Banbury rd. was pledged to Delta Delta Delta sorority.

At Monmouth

Mr. James Jirak, of 733 East Broadway, Arlington Heights, has been elected Treasurer of the Theta Chi fraternity on the Monmouth College campus.

Ladoiska Dewitz and Robert Wright married

A single ring ceremony Tuesday evening at the St. Paul Evangelical and Reformed church united Miss Ladoiska Dewitz of Barrington and Robert Wright of Palatine in holy matrimony. The solemn vows of marriage were repeated after Rev. Glenn G. Gumm.

Miss Lillian Oldenberg and Mr. Thomas Reinwand served as witnesses for the couple.

At DeKalb

The Homecoming activities at Northern Illinois State Teachers College in DeKalb began Friday, October 10.

Three local young ladies, Marilyn Dreher, Mary Miczek and Shirley Robinson, and their escorts participated in the various programs of the week end. The climax of the activities was the annual alumni dance featuring Teddy Phillips and his orchestra.

Jocelyn Peterson weds Bill Gordon

St. John's church was the scene of a colorful fall wedding last Saturday at five o'clock when a double ring ceremony united in holy matrimony Miss Jocelyn Peterson, daughter of Mr. and Mrs. Arthur Peterson of Arlington Heights, and Mr. William Gordon of Chicago. The marriage vows were repeated after Rev. W. F. Kamphenkel. Baskets of white pom poms and gladioli, pots of mums and candleabra banked the altar. The pews were decorated with white ribbons and pom poms and lighted candles glowed in the church windows.

Vocal selections were sung by Miss Carolyn Kamphenkel, friend of the bride. She was accompanied at the organ by Mr. Fred Buehler. Preceding the vows Miss Kamphenkel sang "Because." While the couple knelt at the altar she sang "The Lord's Prayer," and at the conclusion of the ceremony she sang "Oh Perfect Love."

Miss Peterson entered the church on the arm of her father, who gave her in marriage. She wore traditional white satin, fashioned with a fitted bodice that was buttoned to the waistline, from which fell a peplum of sheer lace dotted with rhinestones. A deep bertha lace collar, also dotted with rhinestones, hung from the crepe yoke. The full gathered skirt ended in a long train. Her imported French illusion fingertip veil was held in place by a cluster of orange blossoms. She carried a white prayer book that was topped with a white orchid, from which fell streamers of satin knotted with ivy and white pom poms. For jewelry she wore a gold watch, which was a gift of the bridegroom, and rhinestone ear clips.

The bride's sister, Beverlie Peterson, was maid of honor. She was gowned in American Beauty velvet, styled with long torso waistline, oval neckline, and cap sleeves. The skirt was tiered in front and had a full bustle back that ended in a slight train. She carried a matching muff that was topped with a cascade of gold and bronze pom poms and ivy, from which fell matching ribbon streamers.

Mrs. Phyllis Nelson, sister of the bridegroom, was matron of honor, and she wore an olive green dress. Patricia and Adrienne Peterson, sisters of the bride, were bridesmaids and they wore dresses of emerald green and coral. Judith, the bride's youngest sister, acted as junior bridesmaid and wore an aqua gown. Their dresses were all of velvet and were styled identically to the maid of honor's. They also carried matching muffs that were topped alternately with cascades of gold or bronze pom poms and ivy. All the bride's attendants had matching headpieces and wore

Miss Jocelyn Peterson, who became the bride of William Gordon last Saturday, is pictured above with her four sisters, whom she had as part of her bridal party. They are from left to right: Judith, Beverlie, Patricia and Adrienne.

Community Camera

four strand twisted pearl chokers that were gifts from the bride.

The flower girl was Marlene Landmeier, cousin of the bride. She was gowned in a powdered blue velvet dress and carried a ribbon-trimmed white basket of petals. She wore a heart and flowers locket and bracelet which were a gift from the bride. Donald Nelson, nephew of the groom, was ring bearer. He was attired in a dark suit with white shirt and shoes and carried the rings on a white satin pillow that was designed and made by one of the bride's sisters.

Best man for the bridegroom was his cousin, Dan McCoy. Acting as ushers were Robert and Kenneth Johnson and Gene Sakiskion. They all wore tuxedos and had boutonnieres of white pom poms. Mrs. Peterson chose an electric blue crepe formal, that was

Irene Wille says 'I Do' to Henry Knosp

Last Saturday Miss Irene M. Wille, daughter of August H. Wille of 838 Pearson st., Des Plaines, became the bride of Henry C. Knosp, son of Mr. and Mrs. Henry Knosp of 203 S. Louis street, Mount Prospect. The wedding took place at 7:30 p. m. in the Christ Evangelical and Reformed church, Des Plaines, with Rev. R. K. Wobbe officiating the nuptial vows. Organ music for the ceremony was played by Mrs. Hageman and only members of the immediate families were present at the church wedding.

Miss Wille chose to wear an aqua street length dress for her wedding, which was set off with a corsage of gardenias. She was given in marriage by her father. Matron of honor was Mrs. Laurence Eames, sister of the bride, who wore a grey street length dress and had a corsage of pink roses. Best man for the groom was Mr. Roy Wille. A reception for 200 guests was held at the VFW club, 2 in Mount Prospect following the ceremony. Mr. and Mrs. Knosp are now honeymooning in Black Hills, S. D. Upon their return they will make their home at 838 Pearson st., Des Plaines.

Stork Feathers

A baby boy was born October 12 at the Elmhurst hospital to Mr. and Mrs. Donald Krum of Arlington Heights. The little fellow tipped the scales at a little over 8 pounds and has a two year old sister, Nancy, who is awaiting his arrival home. Mrs. Krum is the former Loraine Easton.

Mr. and Mrs. Albert Wambach of Evansville, Ind., announce the birth of a 7½ pound baby boy October 11 at St. Mary's hospital in Evansville. The baby has been named Harold Ray and the proud grandparents are Mrs. Margaret Wambach of Evansville and Mrs. Sam Dattilo of Wheeling. Mrs. Wambach is the former Ruth Van Kirk of Wheeling.

Proud parents of a baby daughter are Mr. and Mrs. Clarence Horcher of Arlington Heights. The little miss has been named Cheryl Ann and she weighed in at 6 pounds 13 ounces. Cheryl has two brothers, Joseph and Dennis, who are mighty happy they have a sister.

Mr. and Mrs. Karl Quist of Mt. Prospect announce the birth of a son, Earl Christian. The baby arrived September 29th at the Elmhurst Hospital and weighed seven pounds and fifteen ounces.

Mr. and Mrs. Joseph Goggin of E. Central rd., Mt. Prospect, are the proud parents of another son, Charles Thomas, who was born Sunday at the Illinois Masonic hospital in Chicago. Charles tipped the scales at 8 pounds 10 ounces and has five brothers and sisters to help take care of him when he arrives home this Friday. The Goggins moved to Mt. Prospect this summer and Mr. Goggin is employed at the Pal-Waukee Flying School.

Announce engagement

Announcement of the engagement of Marvin Perry, son of Mr. and Mrs. Alva Perry, Palatine, and Miss Dorothy Milbratz, daughter of Mr. and Mrs. Albert H. Milbratz, Arlington Heights, was made this week.

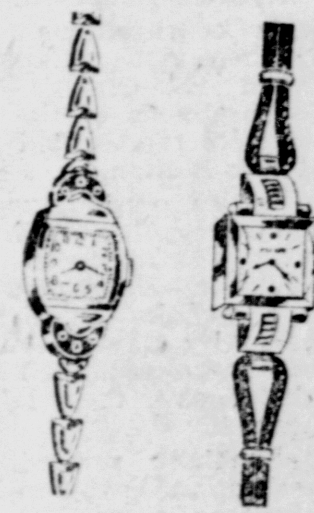

At Lake Forest

William Frederick Meyer of 407 N. Dunton, Arlington Hgts., son of Mr. and Mrs. Wm. F. Meyer, Jr., has returned to Lake Forest college as a sophomore for the 1947-48 school year. Bill is a member of Kappa Sigma fraternity.

Glenview host to leaders of women's groups on Wednesday

Captain Cecil B. Gill, commanding officer of the Glenview Naval Air Station was host at a luncheon in the Station's Officers Club to thirty-nine ladies who were all leaders in various women's organizations in the North Shore Area. Captain Gill addressed the ladies outlining mutual problems of the various communities represented and the Naval Air Station.

The ladies present, representing the communities of Wilmette, Glenview, Northbrook, Arlington Heights, Kenilworth, Park Ridge and Lake Zurich, were impressed by Captain Gill's address and appeared quite thoughtful as they left the luncheon.

Among those present at the luncheon from Arlington Heights organizations were Mrs. A. E. Goldthwaite, Mrs. C. H. Evert, Mrs. C. Stadelman, Mrs. J. Wisersky, Mrs. F. G. Cizek and Mrs. M. Russell.

New officers of Legion and Auxiliary

Recently elected and installed officers of Merle Guild Post No. 208 for the ensuing year are John L. Otzen, commander; Charles W. Daggett, senior vice commander; Donald F. Zoellner, junior vice commander; Maurice E. Burns, finance officer; Paul F. Carroll, adjutant; Alvin W. Warner, sergeant at arms and Warren K. Parker, chaplain. The executive board will comprise the following members: Maurice E. Burns, Paul F. Carroll, Harvey A. Daggett, Charles W. Daggett, Leslie A. Moodie, John L. Moodie, Joseph A. Wisersky and Donald F. Zoellner.

Auxiliary officers are: Merle Holtz, president; Millie Russell, 1st vice president; Eleanor Taylor, 2nd vice president; Laura McElhose, secretary; Fanny May, treasurer; Maud K. Parker, chaplain; May Jorgensen, historian; Helen Baumann, sergeant-at-arms.

A Classified Ad Cost Is Small

The children, grandchildren and great grandchildren of Mr. and Mrs. Louis Linnemann, who celebrated their fiftieth wedding anniversary Saturday, October 11 at the Elk Grove Lutheran church with a ceremony taking place at four o'clock. All except two of the 34 members of this branch of the Linnemann family were present, including grandchildren to the fourth generation.

Camp Fire News

The fires of Work, Health and Love burned brightly at the home of Claudette Seminare, when the Otyokwa Camp Fire Girls of Arlington Heights held their first Council Fire of the year. Each girl was presented the seven honors which had been earned toward her Trail Seeker Rank. Special honors were given those girls who marched in the Memorial Day and Fourth of July parades.

A membership pin was awarded to Claudette for special service. A new member was brought into the inner circle and the girls expressed their desire to Worship God, Seek Beauty, Give Service, Pursue Knowledge, Be Trustworthy, Hold on to Health, Glorify Work and Be Happy. Scrumptious refreshments were served after the meeting.

Last Friday night four of the girls and four boys went roller skating along with girls from Mt. Prospect, Edison Park, Norwood Park and River Grove. They had so much fun that "next time" can't come fast enough.

Miss Regina Mueller of the staff has been appointed, field director for Arlington Heights.

Miss Harriett Roney, guardian of the group, has recently become a member of the staff of the Chicago Area Council of Camp Fire Girls located at 203 North Wabash ave. Miss Marjorie Cooper is the executive director.

Girls ten years of age or in the fifth grade may join Camp Fire. The group meets at the Methodist Meeting House, St. James and Dunton ave., each Friday night at 7:00 p. m.

P. T. A. to present school board in regular session

The Arlington Heights Parent-Teacher Association will present their school board in regular session next Tuesday evening, October 21, at 9:00 o'clock in the auditorium of the North School.

This novel presentation of the school board in action carries on the theme for the year, "Your Child and Its Education." Sitting in session will be N. M. Latoff, president; A. C. Cubley, Carl H. Ewert, W. L. Fellingham, A. E. Goldthwaite, M. L. Kurtz and H. C. Lips, directors.

All community minded citizens are invited to attend this worth while program and learn at first hand how the school board functions, its problems, hopes and plans for the future.

Refreshments will be served at the close of the program by the mothers of the two eighth grades and the seven-eight combinations of the North school. Mrs. Stadelman, chairman of the membership drive, announces that at the end of last week the PTA had 648 members, an all-time high.

American Legion Auxiliary notes

A regular meeting of Merle Guild Unit Number 208 American Legion Auxiliary will be held at Legion hall Tuesday evening, October 21.

See the posters for details on the rummage sale to be held at Legion hall Saturday, October 18, from 9 to 12 noon. Millie Russell and Mae Wisersky attended the Auxiliary Caravan for the instruction of officers on Tuesday, October 14. The members of Merle Guild Auxiliary will have a brunch luncheon at Legion hall Thursday, October 23, at eleven o'clock. The luncheon will be furnished and paid for by a collection so members may bring guests.

The major lesson on pile floor coverings will be given by Mrs. Laura Fritz and the minor lesson, parliamentary procedure, will be given by Mrs. Martin Meyer.

A special lesson in crafts was given recently at the home of Mrs. Laura Fritz. Christmas gift wrapping was demonstrated by Mrs. Ray Kehe and Mrs. Arnold Scharringhausen. Glass etching was given by Miss Idyl Nippe, making Christmas ornaments by Mrs. Fritz and the making of plastic buttons and purse pulls was given by Mrs. Brockmann and Mrs. Kingsley.

Two showers given for Irene Eiler

Forty-two friends surprised Irene Eiler of Arlington Heights with a bridal shower, given by her sister, Mary Ann Laseke, and the groom's cousin, Francis Nyberg, of Chicago, on September 26.

Then on October 3, Miss Bernese Bornkamp surprised Irene by giving her a bridal shower with all her girl friends invited, and every one having a wonderful time. Irene was very much surprised by both showers, and thanks everyone for being so good.

Irene Eiler, daughter of Mr. and Mrs. Hugo Eiler, 941 N. Patton avenue, Arlington Heights, will be married October 18 at the St. Peter Lutheran church at 7:00 p. m., candlelight service, to Gordon Bergquist, son of Mr. and Mrs. V. Bergquist of Chicago. Everyone is cordially invited.

Shower given for bride-to-be

A miscellaneous bridal shower was given Wednesday evening in honor of Miss Lorraine Francisovich of Arlington Heights. It was given by Miss Marie Tischer and 40 guests viewed the opening of the many lovely gifts. Bunco and refreshments made the evening complete.

Miss Francisovich will be married on October 25 to Mr. Steve Stefanik, also of Arlington Heights.

Heights fire ladies elect officers

The Women's Auxiliary of the Arlington Heights Fire Department, held its election of officers at their meeting on October 7.

New officers elected for the following year are Mrs. Helen Winkelman, president; Mrs. Ruth Bauer, vice president; Mrs. Genevieve Andres, secretary and Mrs. Mary Luehring, treasurer.

Friday night the "Friends of Annabel" club will meet at the home of Mrs. Lillian Bray.

DRAPED ELEGANCE

Photo courtesy New York Dress Institute
Pannier draped skirt and rounded shoulders in a cafe-au-lait crepe afternoon dress.

MORE and better fabric has gone into Fall and Winter dresses by New York designers. More originality in styling and skill in draping have contributed to the shapely but still youthful look.

So many occasions all winter long call for a dressy afternoon dress like the one pictured, it's well to have it in a sober color, so as not to tire of it too quickly. In crepe the exact shade of coffee with cream, it's an interesting adaptation of the "Follies Girl" styles of the 'twenties, with its slightly puffed skirt. Shoulders, much less padded than formerly, are softer, rounder, more feminine. Sleeves in the "ladylike" tradition—casually loose from shoulder to elbow, snug from elbow to wrist—and gold studded black leather belt add elegance.

Shades of brown provide the strongest color note for Fall and Winter, over-shadowing even black. Fawn, topaz, amber, titian, mahogany, taupe and copperplate are variations of brown, red-brown and golden-brown that add their richness to the richness of fabric.

Mrs. Louis Hamann

Mrs. Sophia Hamann, 76, wife of Louis Hamann of Roselle road, Palatine Route 2, died at her home Monday evening. She was born in Palatine township on Feb. 23, 1871, the daughter of Mr. and Mrs. Gottlieb Gusewelle and had been a resident of that community all of her life.

Survivors include her widow; one son, Herman, of Palatine; one daughter, Mrs. Amanda Mundhenke, of Barrington and one grandson.

Funeral services will be conducted at 1:30 Thursday afternoon from the Tharp funeral home in Palatine and at 2 p. m. at St. John's Evangelical church, Addison, Rev. E. Bergstraesser, officiating. Interment St. John's cemetery.

Mrs. Rose Eising

Service will be held this Saturday from St. Mary's church, Des Plaines, at 9:30 a. m. for Mrs. Rose Eising, 1377 Prairie ave., Des Plaines. Father Vincent C. Lavery will be in charge and interment will be in All Saints Cemetery.

Mrs. Eising passed away Tuesday. She is survived by her children, Margaret Mancel, Frank, Ida and Louis, Jr., and three brothers.

IN MEMORIAM

FRANK FROHNE, JR.

In loving memory of our dear son and brother, who passed away four years ago October 18, 1943.

What would we give to clasp his hand
His lovely face to see;
To hear his voice and see his smile
That meant so much to us.
Loving Mother, Dad and Brother.

CARD OF THANKS

Our sincere gratitude for the many expressions of sympathy and helpfulness from neighbors, friends and relatives, especially our pastor, Rev. Walter Fechner, teacher, Mr. C. Martin and schoolmates of our dear son and brother, Robert.
Mr. and Mrs. Andrew Anderson, Beatrice Ashton, Donna Anderson

Geisen asks enforcement of cab ordinance

The once famed taxicab controversy has been reopened in Mt. Prospect. An attorney for the Geisen company appeared Tuesday night to protest the activities of the Prospect Heights cab, operated by William Le Vine and sponsored by Carlton Smith. Several instances were cited in which the Prospect Heights cab, in violation of ordinance, met a number of trains apparently without pre-arrangement. Violation of the provisions of the ordinance, forbidding the pickup and delivery within the Mt. Prospect village limits, was cited along with dates, times, and other details.

The Geisen attorney stated that he didn't want to arouse any feeling of ill will between the two villages such as appeared last summer, but he did want to have the ordinance enforced, and to have Mr. Smith and Mr. LeVine of Prospect Heights live up to the numerous promises made when the taxicab ordinance was passed last month.

In hope of settling the dispute amicably a meeting was arranged between the interested parties for the night of October 15 at 8 o'clock in the village hall.

Must again ask for bids on new municipal bldg.

Although the night of October 14 was the deadline set for opening of the bids on the contract to build the new Mt. Prospect municipal building not one bid was received at the deadline. Board members stated that the period had been too short to allow the various engineers to figure out the possible bids. It was stated that in two or more weeks bids from at least two contractors would be ready.

A representative of the architects urged the board to readvertise, placing the deadline on November 11, the regular meeting of the board for November. The board agreed and they will readvertise in this paper and in the Construction News.

Edward Scharringhausen

Edward Henry Scharringhausen was born near Wheeling, April 15, 1871. At the age of 7 his mother died, and his uncle, Henry Landmeier took him into his home, where he grew up to manhood. Palm Sunday, April 6, 1884 he was confirmed by Rev. W. Boerger.

February 23, 1894 he was married to Miss Emma Hardtke. To this union three children were born: Rose, Alfred and Esther. About a year after their marriage, they moved to their present home, where they lived for 53 years. February 23, 1944 they celebrated their golden wedding.

Mr. Scharringhausen died October 9 at the age of 76 years, 5 months and 24 days.

He leaves to mourn his departure, his beloved wife, Mrs. Emma Scharringhausen; three children: Rose, Mrs. Reuben Kolze, Mr. Alfred Scharringhausen and Esther, Mrs. Roy Baumgartner, both of Bensenville. Two sons-in-law; one daughter-in-law; two sisters-in-law; two brothers-in-law; 5 grandchildren. Other relatives and many friends.

The funeral services were held Sunday afternoon at 1:30 p. m. at Geils Funeral Home and at 2 p. m. at St. John's Evangelical church, Addison, Rev. E. Bergstraesser, officiating. Interment St. John's cemetery.

Mrs. Jacob Voss

The last rites for Mrs. Jacob (Susie) Voss, Palatine road, Mt. Prospect, will be held this Friday at 2 p. m. from the First Christian Reformed church of Des Plaines. She is lying in state at the Oehler funeral home, Lee and Prairie sts., Des Plaines. Interment will be in Mt. Greenwood, Summit, Ill.

Mrs. Voss died at the age of 91 years. She was born on February 24, 1856 in Holland. She is survived by her two sons, Peter and Jacob, 26 grandchildren, 15 great grandchildren; and two brothers and a sister, who live in Holland.

IN MEMORIAM

TEDRAHN, WALTER

In loving memory of husband and dad who passed away three years ago, October 15.

Just three years ago today
My heart was torn in two
And all the dreams we dreamed
Vanished in the blue.

We planned so many, many things
And were so sure they'd be
But fate stepped in, and cruel death

Took you away from me.
My love for you will never fade,
I'll always hold you dear
And tho on earth we are apart,
Deep in my heart you're near.
I pray each night for God
To keep you in his care
Until in heaven some day we'll meet,
And be together there.
Loving wife Ann and Children

IN MEMORIAM

PFC. WM. J. (Bud) CALLON

In loving memory of our dear son and brother who was killed in action three years ago today, October 16, 1944.

Three years ago today,
Many a lonely heartache,
Often silent tears,
But always a beautiful memory.
Of one we loved so dear.
Loving Mother, Sister, and Brothers. DuP

OBITUARIES

Albertina Anderson

Services for Albertina Anderson of 426 East Pleasant street, Octonowoc, Wis., were held Thursday, at 2 p. m. from Notbohm funeral home. Interment was in LaBelle cemetery at Octonowoc.

Mrs. Anderson passed away October 13 at the age of 76. She leaves her husband, Charles; children, Arthur, Agnes, Lillian, Mortimer, and Charles; and four grandchildren. The Andersons were formerly of Medinah, Ill.

William Firnbach

Funeral services were held last Saturday from the funeral chapel located at 3100 Irving Park road for William Firnbach, 2704 W. Nelson street, Chicago, and then from St. Francis Xavier church. Interment was in St. Mary's cemetery, Buffalo Grove.

Mr. Firnbach leaves his wife, Ann; children, Harold, Paul, Rose Herda, Lucille Hanschmann, William Jr., and Patricia; two sisters, Laura Horcher and Emma Weidner, and four brothers, Andrew, Henry, Oscar, and the Rev. Joseph.

Robert Anderson

Robert Richard Anderson, only son of Andrew and Rose Anderson, of Wheeling, was born on June 17, 1937, and died suddenly Wednesday, October 8, at the age of 10 years, 3 months and 21 days.

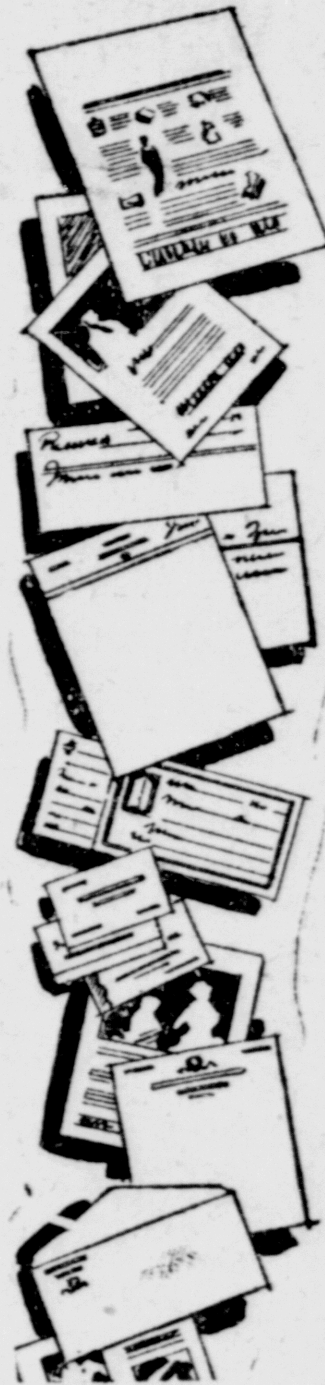

Robert's ten years were all spent in Wheeling, where his parents built their home on Milwaukee ave. 3/4 mile north of Dundee rd. the year before his birth. He was a pupil at St. John's Lutheran school of West Northfield, where his sunny personality made him a favorite among his schoolmates.

While attempting to cross the highway near his home in the dusk of evening on Wednesday of last week, he was struck by two passing motorists and death came quickly.

Funeral services were conducted Saturday afternoon by the Rev. Walter Fechner in St. John's Ev. Lutheran church and interment made in the Church's Cemetery on Lake ave.

Chief among those who grieve his early passing are his parents, Mr. and Mrs. Andrew Anderson, and his sisters, Beatrice Ashton of Valparaiso, Ind., and Donna Anderson, Wheeling.

BENSenville FIGHTS FOR NORTHWEST TITLE FRIDAY NIGHT

AAA opens home season with 27-0 victory

MARVIN PRELLBERG
The Arlington Athletic Association opened its home season last Tuesday evening by rolling over the Des Plaines Businessmen in a convincing victory, 27-0, in a contest witnessed by some 1200 spectators under the high school ares.

The AAA, under the capable leadership of Bob O'Hagan and playing coach Bob Henry, started to move midway in the first period with Des Plaines back in their own territory. Glander fumbled and Dick Lawson flopped on it for Arlington in the Des Plaines 12. A series of drives by Roger Erber carried up to the 3 and Pat Meenan, ex-Arlington high school star, plunged over for the touchdown. The conversion was wide and the locals led, 6-0.

The AAA scored its second touchdown late in the next quarter. The locals moved from the visitors' 33, down to the 4 in seven plays. Henry banged up to the 1, and smashed on third down into the end zone to increase Heights' lead, 12-0, as the extra point was blocked.

Arlington struck fast in the third period when the Triple A moved down to the Rocky's 30 on an 18-yard pass from Jack Brumm to Mueller and combined passes by Henry and Holtz moved it up to the 20. Brumm then crossed another aerial to Holtz on the 5. Meenan plunged to the 3 and Erber went over for the tally. Kouras caught Brumm's pass for the extra point and the AAA led, 19-0.

The locals tallied their final touchdown in the same period. Brumm went on an aerial spree and completed two passes from the visitors' 43 to the 12. On third down he once again faded back and flipped a good one to Vic Mueller in the end zone, putting the Triple A farther out in front, 25-0.

A SAFETY. Arlington's last scoring points, occurred when Glick fumbled on the visitors' 1 and Des Plaines took over. Attempting to catch the locals off balance, Glander passed only to have it knocked down in the end zone for an automatic safety. The game ended shortly with Arlington on the long end of a 27-0 score.

The AAA has its next contest scheduled for next Tuesday at 8:30 on the high school field against either Libertyville or Jefferson Park.

Niles trounces Crystal Lake

Niles township high school continued to keep pace with Lake Forest in the Northeast conference football race last week as they severely trounced Crystal Lake, 25-6. A strong passing attack was the determining factor in the contest.

The Trojans attempted 22 passes, counting 11 times, for 222 yards via the air route. The almost even yards rushing division brought a total of 348 yards for the winners with the visitors gaining 173.

Niles marched down the field, gaining 4 first downs, the first quarter. Jim Heiniger going across from the 3 yard line for the score. Blessing accounted for Niles' other pay dirt the first game when he dashed through left tackle and left end for 8 yards.

Lee Garms hopped over the goal line from the 1 yard stripe in the second period for the Trojans, with Jim Heiniger dashing across for the extra tally. Half-time score was 19-0.

SECOND HALF saw Crystal Lake score the first touchdown against the Trojans for the conference season when Murphy scored 55 yards around right end. Final lap saw Ed Seergel pass to Jim Heiniger for 25 yards and final touchdown.

Former Bisons at Lake Forest

Gene Ernsting and Don Borg get ready to make things tough for opposition of Lake Forest college, Lake Forest. As two of three Bensenville men on the varsity squad of Coach Ralph R. Jones' Lake Forest team, the players are part of one of the largest team in the Forest's history. Pictured are Gene Ernsting, number 51, sophomore end, son of Mr. and Mrs. William A. Ernsting, 183 Mason, Bensenville; and Don Borg, No. 10, son of Mr. and Mrs. Arthur Borg, 112 McLean ct., Bensenville. Also on the squad, but not pictured is George Gutnik, Jr. end, son of Mr. and Mrs. J. Gutnik, Orchard ave., Bensenville.

The Northwest Conference has no fears of being disrupted by the formation of a new league in Lake County. According to the principals only Antioch was invited to join the new loop and they turned thumbs down. The group is emphatic in expressions of loyalty to the present set up so any fear of the old league being broken up has no foundation.

Predict that Crystal Lake and Woodstock join new league

Whether Crystal Lake and Woodstock will split away from the Northeast and join the new league is something else again. We cannot see that they have much choice but to join the other secessionists. Perhaps it won't be right away but we predict that it will come. The Northeast hopes to increase its membership. If it does it will not be from among smaller schools and if larger ones come in where does that leave Woodstock who now seems to be over-matched. If Crystal Lake and Woodstock wait too long to join the Lake County group they may find that league filled up so they may be better off to make their choice this fall.

Pirates vs. Bisons to be night game

Palatine will have their first night game next week Saturday evening. Arrangements have been made to rent the Arlington Heights' lighted field for the game with Bensenville. The Bisons and Pirates both hope to be undefeated in conference play when they meet a week from Saturday. The game was scheduled for Saturday afternoon at Palatine but in order to let more fans from both schools see the game it will be played under lights. Arlington has bleachers for 1500 spectators.

Admissions go up for basketball

The Northwest Conference principals at their meeting last week decided to leave the matter of football adult admissions to each school to decide but that starting with the basketball season a price of 60c for adults and 30c for students would prevail. Most of the schools will start the new schedule at once for the remaining games of the football season. The price of sports equipment has doubled in the last four years. To make sports self-supporting the price must go up.

Northwest conference sets football dates

The Northwest Conference voted a 1948 football schedule which will start October 8 and end November 5. They also decided to start basketball schedule the night before Thanksgiving. Rich and Warfield, Wauconda, Prim, is the new league president. T. R. Birkhead was re-elected treasurer and years truly was voted another year as secretary, for says Wesner of Elia, "He is the only one of us who gets paid for writing so he ought to do the work."

Have to pass three subjects to be eligible next semester
A boy in a Northwest Conference school wrote to the conference claiming that his principal

Cards slip by Wildcats, 6-0

Locals win, 6-0, though outgained

by Marvin Prellberg
A Libertyville team, much reformed from last year's squad, gave the Cards, who finally emerged the victor 6-0, the fight of their lives last Friday evening before a Homecoming crowd of over 2500. The Wildcats continually pounded their way deep into the local's territory, either to be held or for the majority of times to fumble, resulting in Arlington's recovering.

The Cards will be the underdog next Friday night when they take on a powerhouse Niles squad in a contest beginning at 8:00, on the Trojan's field. This is the second conference victory in three starts for coach C. K. Larson's charges.

Arlington started out nicely after Bill Robinson had returned the opening kick-off nine yards to the 31. Combined drives by August Krause, Ralph Engelking and Lew Draper brought the Cards up to the Wildcat's 46. However, Arlington elected to quick kick. The punt by Draper was blocked and when he attempted to run with it, he was smeared on his own 33. Libertyville took advantage of this break, and in a series of seven plays Didier and Schroeder had advanced to the 12. However the Card's line held them, and Draper punted out of danger to the Cats' 48.

ONCE AGAIN Libertyville moved down with Arlington's 20 yard line, highlighted by a 21 yard pass from Didier to Schroeder, only to lose the ball on a back field fumble, which was recovered by Mary Berschet on the Cards 27. The first quarter ended with the Wildcats again moving, holding the ball on Heights' 29.

In three plays they moved up to the 16, only once again fumbling. Lanciloti of the Cards recovered to end temporarily another scoring threat.

Arlington advanced within the 25 for the first time midway in this period only to have Schroeder intercept Fisher's pass on the 24 and skirt down the sidelines to the Card's 17 where he was tackled by Walter Beckman. On second down Didier sped through, but left tackle down to the 3 for a first down. Here the local's (Continued on page Ten)

Bisons on title trail, whip Barrington, 32-0

Lake Forest runs at will over Leyden, 34-12

Bensenville continued its winning ways on the gridiron Friday night under lights when they snowed under a mediocre Barrington squad, 32-0. The Bisons, rated as the team to beat, left no doubt of the outcome of the game in the minds of the spectators.

Coach Meneguini's boys culminated an 80 yard drive down the field to set up the first score, a 3 yard smash by Thollander in the first period. Robertson kicked the extra point.

Second segment saw the Bisons hit pay dirt when Thollander took a 4 yard pass from Robertson. Half ended, 13-0.

THIRD QUARTER saw Robertson tally for the locals, a 2 yard power drive for the score. He also kicked the placement.

Robertson again counted when he ran 45 yards after catching a pass from Thollander in the fourth lap. Thollander dashed 40 yards after intercepting a Barrington pass for the final count.

Bisons' 19 first downs to the Bronchos' 3 tell the tale. The Du Page boys gained 347 yards, evenly split between rushing and passing. They passed 18 times, completing half of them.

BARRINGTON punted 7 times, averaging 33 yards per kick, for 231 yards. Both teams suffered just over 30 yards in penalties.

Crowd on hand to watch the contest was not up to expectations but about 1,000 persons were on hand for the contest, more than twice the number who would have been able to watch the game in an afternoon fray.

Touchdowns: Thollander 3, Robertson 2.
Conversions: Robertson, 2.

Arlington frosh to play under lights this Thursday

Arlington Heights freshman football team will play under lights this week Thursday night, giving most adult fans their first opportunity to witness the yearlings in action.

Experts rate a lot of possibility in the Cardinal frosh this year, in football as well as other sports. They have won three games to date, including two decisive contests over Libertyville and Niles.

Opponent Thursday night, October 16, is Leyden, also undefeated to date. Admission to the game is 25c with proceeds planned only to cover expenses of officials and lights. Student activity tickets are acceptable for this game.

Grade school students will be admitted to the game for 10c. Athletic department at the high school has also planned one night contest for the J.V.s, to be the preliminary of the varsity Leyden contest at Heights October 24.

Gene Vance second 'whiz kid' to ink

Gene Vance, a member of the famous "whiz kids" of Illinois has signed to play with the professional Chicago Stags in the BBA. It was announced today by Stags officials.

Vance joins Andy Phillip on the Stags roster which gives the Chicago entry a touch of the Whiz Kid "basketball Dynasty" which caused such a sensation in western conference play for three seasons.

The signing of Vance adds strength to the Stags after the sale of Tony Jaros and Don Carlson to Minneapolis in the National Basketball League. Vance is rated an excellent rebound and defensive player. At Illinois he was overshadowed by the amazing feats of Phillip, but still managed to score 342 points in three campaigns in the Big Nine.

Pirates cop 3rd straight victory over Antioch, 19-6

Palatine chalked up their third straight victory of the season Saturday, 19-6, at Antioch's expense to make homecoming a real success. Antioch broke in to the point column in the third quarter on a 40 yard return of a punt by Mattson.

The victory enabled Palatine to keep pace with Bensenville in the league standings as Pirates and Bisons are the only undefeated teams in the conference.

On the second play of the game Antioch fumbled and Kathryn recovered on Antioch's 40 yard line. Consistent smashes at the line carried Palatine over the goal line on the 14th play. Boobyer scored the touchdown and Pepper converted on a place kick.

IN THE SECOND quarter Antioch completed a pass but fumbled when tackled and the Pirates recovered on the 46 yard line. On the first play, behind beautiful blocking, Harold Stephan ran around Antioch's left end for a touchdown to make the half time score, 13-0.

In the third period Mattson, Antioch track star, ran a punt back for a 40 yard touchdown.

On another occasion Mattson, who was Antioch's best gainer, got away with a 40 yard run.

Midway in the final period the Pirates started a drive from their own 42 yard line which ended as Stephan eluded the clutches of a half dozen tacklers to travel the una. 29 yards to the goal line.

PALATINE gained a total of 292 yards of which Stephan ran for 159 in 17 tries. Pepper and Boobyer did some hard line bucking for 77 and 33 yards respectively.

Grant daydreams, loses to Vikings

Grant's Bulldogs forgot about playing the game at hand in their contemplation of championship possibilities Friday under the lights at Glenview and lost a ball game. While thinking of this week's contest against Bensenville they lost last week's tilt to Northbrook, 6-2.

The Bulldogs, biggest hurdle for Bensenville's Bisons to cross in their quest for a title, lost the ball four times within the ten yard stripe, and scored only in the third period on a safety.

	W	L	Pts	Opp
Bensenville	2	0	75	0

It's 880 ave. girls team vs men at Arlington bowling lanes

Arlington Heights Bowling Lanes will be the scene Saturday night of an interesting match between the champion Kathryn Cosmetics girl kegglers and the top five bowlers of Arlington Heights.

The girls, formerly bowling under the colors of Lustre Creme, were Chicago champs several years, including the seasons from 1943 through 1947. The squad includes Dorothy Miller, captain, and Ricky Kaas, Rose Barnes, Carrie Enders and Caroline Lueder. Alley managers Everett Lindgren and Eddie Wolf were confronted with the task of finding five top notch Heights bowlers willing to meet these girls, who are holding an 880 team average at present.

Men willing to risk their alleged "bowling reputations" were scarce when nominations were made, but five were finally chosen. They include Carl Hueber, George Kirsch, Hank Wester, Tom Vidrick and Geo. Thompson as captain.

Locals oppose Grant at home in crucial game

Palatine hopes for victory against Barrington

This week end the Northwest Conference passes the midpoint of the season with one of the crucial games of the schedule to be played between Bensenville and Grant on the DuPage county Bisons' field. An attendance record for the league is expected to be broken Friday at Bensenville for many observers feel that this is the game to decide the championship.

Bensenville, league favorite, has a well balanced team in every respect with a very strong passing attack. The Bisons completed 10 out of 11 at Antioch for 112 yards and picked up 176 yards through the air against Barrington. Bensenville, in two league games, has made 32 first downs to opponents five. Bob Thollander, flashy red head back, has scored seven touchdowns for 42 points.

TO MANY people, Grant is the team which might upset the Bisons for Coach Werhan has two complete backfields, one as good as the other, which can really step. Grant has the most team speed of any school in the loop and along with it a very heavy line headed by an outstanding tackle, 230 pound Walker, who has been praised by officials as one of the best linemen in the league.

Last Friday Northbrook upset Grant 6-2 explained by the fact that the Bulldogs were looking ahead to Bensenville and not taking Northbrook seriously. Grant fumbled away the ball four times inside Northbrook's 10 yard stripe which cost several touchdowns. The Bensenville-Grant game starts at 7:30 Friday and it will take an early arrival to be sure of a seat.

PALATINE FANS who were hoping for a couple of victories this conference season after a blank last year are now beginning talk about championship possibilities in view of the Pirates' victories over Northbrook and Antioch. This week the Welly coached Pirates play at Barrington's homecoming on Saturday at 2:00.

Barrington's Bronchos have lost all their games this year, including 31-0 and 32-0 defeats at the hands of Grant and Bensenville. The Bronchos will be at their best as far as spirit and determination are concerned against Palatine. Whether they can bring forth enough football skill to upset favored Palatine is another matter.

Palatine's schedule has been made to order this year with Bensenville and Grant, the two contest opponents to be met the final two weeks and both games at Palatine. In contrast Barrington, with a green team had to meet the Bulldogs and Bisons at the start.

NORTHBROOK plays at Antioch Friday night and are favored to win their second victory in a bid for a first division spot in the final standings.

Warren and Woodstock play to 6-6 tie

Warren and Woodstock high school football squads played to a 6-6 tie under the lights Friday night with the Lake county boys tallying the first half and the Blue Streaks the second. White crossed the goal line for Warren the first quarter, while Gehrke hit pay dirt for Woodstock the third segment.

Statistics prove both squads played a pretty even game. First downs were 11 and 9, yards gained 135 and 133. Passes attempted 13 and 6, punts 5 and 6, with average length of punts 41 and 43.

ADOLPH LINDEMAN

The will of Adolph H. Lindeman of Glenview, who died Sept. 19, leaves his entire \$11,000 estate to his widow, Dale. His will has been filed for probate.

Francis Wojtkiewicz of Bensenville has sued Walter Mayeski and wife, neighbors, for \$25,000 in the circuit court for alienating his wife. He says they built a home next to the defendants who then turned his wife against him and she ordered him from their new home April 7 and has filed suit for divorce in the superior court. He says he built the house, but it is in his wife's name.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. The **Doan's Pills**. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

strong line dug in and held the visitors in a thrilling goal line stand on the 2. The half ended shortly with Libertyville controlling the ball on the Card's 28.

MIDWAY in the third quarter Arlington's scoring break came when Berschet recovered Schroeder's fumble on the Cat's 26. The locals moved up to the 11 when necessary roughness. On fourth down with the Cards having advanced to the 3, Bob Cubley, speedy substitute fullback, plunged over for the winning touchdown. Ken Bork's try for the conversion was blocked, and the quarter ended shortly with Arlington on the long end of a 6-0 score.

In the final period the Cats kept continually driving deep into the locals' territory. The most sensational drive occurred with only a matter of seconds left in the game. The Wildcats had combined two passes and two penalties against the Cards, which moved them from Arlington's 39 to the 13. On second down, with Libertyville passing desperately, Jensen flipped a flat pass to Herr, who when attempting to lateral was hit, and Krause intercepted the free ball to end this threat for the Cards who stalled the remaining few seconds.

team beat Bensenville 14-13. Barrington 8-6 and Grant 6-0. The Pirates finished second. These three teams are the three the Pirates have yet to meet this year. Two out of three victories in remaining games would give Palatine the finest league record the school has ever compiled. Palatine is favored to whip Barrington Saturday and spoil their homecoming. If they do it will be the third time a Pirate team has pulled the trick.

Back in 1934 Palatine nosed out the Brorochos on a touchdown in the final minutes by Francis Reuse, one of Palatine High's gold star heroes of the last war. In 1942 it was the margin of a safety that helped Palatine triumph in between Barrington has given Palatine some terrific beatings. Palatine might lose this week if they think too much about the Bensenville game a week hence instead of the Broncho game at hand.

The lesson taught Grant by Northbrook last week should be kept in mind by Coach Welty's boys. Grant took Northbrook for granted last week and thought about beating Bensenville this week for the championship. Now Palatine hopes Grant does beat Bensenville as it might cut the Pirates in on a slice of the title for the best Grant can hope for is a tie after the Northbrook loss. If they lose to Bensenville they are completely out of the race.

Thollander might break scoring mark

Bob Thollander of Bensenville has a chance to crack the league scoring record if he maintains his present pace of 21 points a game. Harold Stephan of Palatine has two touchdowns a game scored on runs of 29, 46, 67, and 75 yards. Pepper of Palatine has shown up to be the best blocking back in the league in helping make Stephan's runs possible.

Picks this week

In the Northwest we pick Bensenville over Grant 20-7, Palatine to beat Barrington 13-6, Northbrook to outpoint Antioch 13-0. In the Northeast we like Niles over Arlington 21-6, Crystal Lake to take Woodstock 12-0, Lake Forest to whip Warren 26-7, and Libertyville to nose out Leyden 13-12.

\$1,021 fines levied in anti-speed drive

During the two months of the concentrated drive to enforce traffic regulations in Park Ridge, \$1,021 has been collected in fines and costs in Police Magistrate Oscar K. Stahle's court.

Fines totaling \$96 and costs amounting to \$40 were assessed to 14 speeders in Judge Stahle's traffic court, Saturday morning.

Eye to the future

Arlington frosh roll up 25-0 score over Niles

by MARVIN PRELLBERG

The Arlington Freshman grid squad made short work of a Niles football team last Thursday afternoon, when they thoroughly drubbed the Trojans 25-0, on Arlington's home field.

This was the third victory for the Cardinal frosh eleven in as many starts, having won two successive contests from Libertyville. This team, under the leadership of R. M. Conrad, is developing rapidly, and looks like it may be, in the future, one of the great teams of Arlington.

The locals first tally came midway in the first period when Schultz broke loose for a thirteen yard gallop through left tackle to account for the initial marker.

Bob Fasicik plunged for the extra point, and the Cards led 7-0 when the quarter ended.

ALTHOUGH no scoring was done in the second period, it was highlighted by Bob Evans, Arlington end, who got off a beautiful 53 yard boot, rescuing the locals from deep in their own territory.

However the Cards really cut loose in the third period as they went over three times within the first five minutes.

Paul Roche, tricky half back, made good the first one when he caught a punt on the Trojan's 47 and raced behind beautiful interference over the goal.

THE SECOND tally was also scored by Roche immediately after Evans had recovered a Niles fumble on the Trojan's 6. It was produced when he sped those six yards around left end, increasing the local's lead by a 19-0 margin.

The third and final count came on a pass by Eric Nelson to George Kovacic, who made a leaping catch and sped 30 yards for the tally.

Substitutions finished most of the final quarter, and no more scoring was done, with the result being a 25-0 win for the local frosh.

ARLINGTON'S defensive play was much superior to that of Niles, holding the Trojans to almost no gain throughout the game, and foiling most of the visitor's numerous pass plays.

Coach Conrad used every available member of the Card's squad this contest.

The Frosh in their next contest will be tackling a strong Leyden eleven. This event will take place this Thursday, Oct. 16 again on the local's field, starting at 7:30.

TAX FACTS

By George E. Mahin, Executive Secretary
Taxpayers Federation of Illinois

For information concerning your tax problems or those of your community, write the Taxpayers' Federation of Illinois in care of this newspaper, enclosing a stamped and addressed envelope.

There are over 99,000 federal employees in Illinois. There are more than 28,000 state employees.

There are some 14,000 local governments—counties, schools, cities and villages, etc.—with nobody knows how many employees all told.

There are 126,968 old age pensioners, 77,354 receiving aid for dependent children and 57,925 on relief.

Your constantly growing taxes are helping to support this constantly growing army.

Every bill passed at the 65th General Assembly providing for salary increases at local levels, except one, was changed to be permissive rather than mandatory. In other words, allowing that supervisors attending county board sessions must be paid \$10 a day was changed so they could be paid up to but not exceeding \$10. The thinking back of this was not only logical but economical because of the difference in living costs varying so widely in large cities and smaller or rural sections.

An extremely important bill, sponsored by Senator Little and actively supported by a number of organizations, created a commission to study tax problems, with special emphasis on a permanent solution to tax limitations and on state-local fiscal relations. This bill is now law. The Commission has a tremendous opportunity to be of real service to the taxpayers of Illinois.

A community building or buildings may be built in any municipality, if there is a population of less than 500,000, but only if the people vote at an election to authorize a tax rate of 7 1/2c per \$100 of value.

A county weed control department can now be created by any county board, the cost to be paid out of the county corporate fund, as a result of passage of H. B. 418 and 419 by the last General Assembly. No commissioner of noxious weeds shall be appointed hereafter in any county that sets up a county weed control department.

Mac Says —

(Continued from page Nine)

team beat Bensenville 14-13. Barrington 8-6 and Grant 6-0. The Pirates finished second. These three teams are the three the Pirates have yet to meet this year. Two out of three victories in remaining games would give Palatine the finest league record the school has ever compiled. Palatine is favored to whip Barrington Saturday and spoil their homecoming. If they do it will be the third time a Pirate team has pulled the trick.

Back in 1934 Palatine nosed out the Brorochos on a touchdown in the final minutes by Francis Reuse, one of Palatine High's gold star heroes of the last war. In 1942 it was the margin of a safety that helped Palatine triumph in between Barrington has given Palatine some terrific beatings. Palatine might lose this week if they think too much about the Bensenville game a week hence instead of the Broncho game at hand.

The lesson taught Grant by Northbrook last week should be kept in mind by Coach Welty's boys. Grant took Northbrook for granted last week and thought about beating Bensenville this week for the championship. Now Palatine hopes Grant does beat Bensenville as it might cut the Pirates in on a slice of the title for the best Grant can hope for is a tie after the Northbrook loss. If they lose to Bensenville they are completely out of the race.

Thollander might break scoring mark

Bob Thollander of Bensenville has a chance to crack the league scoring record if he maintains his present pace of 21 points a game. Harold Stephan of Palatine has two touchdowns a game scored on runs of 29, 46, 67, and 75 yards. Pepper of Palatine has shown up to be the best blocking back in the league in helping make Stephan's runs possible.

Picks this week

In the Northwest we pick Bensenville over Grant 20-7, Palatine to beat Barrington 13-6, Northbrook to outpoint Antioch 13-0. In the Northeast we like Niles over Arlington 21-6, Crystal Lake to take Woodstock 12-0, Lake Forest to whip Warren 26-7, and Libertyville to nose out Leyden 13-12.

Gratifying Statements

A most gratifying statement of appreciation has been voiced by many families whom we have served satisfactorily, at a price below that which they had understood they would be obliged to pay for the quality of service and merchandise procured.

Few families are immune from financial strain, particularly following a bereavement.

Realizing this, we strive earnestly to render every conceivable aid in a manner utterly to your liking, for whatever amount you decide the service selected shall cost. Information willingly given.

Apportionment maps

A new publication containing judicial, congressional and senatorial apportionment maps for Illinois was announced today by Secretary of State Edward J. Barrett.

This is the first time, the Secretary said, that the apportionment maps have been brought together in a single publication. For comparative purposes, the pamphlet includes maps and descriptions of Congressional reapportionment under both the Act of 1901 and the new act passed by the 65th General Assembly.

350 scouts meet in huge annual camp pow-wow

BY ARNOLD HATCH

350 Scouts representing nearly all of the troops of N. W. Suburban Council met in annual Pow-wow October 11 and 12 at Camp Dan Beard, Wheeling, to compete in many Scout activities, enjoy two days of camping, and the big camp fire program that is always packed with thrills.

A well planned program of Scout activities was carried out Saturday and Sunday, giving the Scouts an opportunity to fully demonstrate their knowledge and

ability in Scoutcraft. Among the field events was the tripod building from poles and rope lashings, the trail hike in which nothing but Indian and Scout marks were used to guide the troops to their destination, and last but not least the famous pancake frying contest. Sunday morning David Mienke of Troop-7 was given the knot king award for having tied six knots in 53 seconds.

THE ORDER of the Arrow members and appointed Scouters were called upon to judge all Pa-

trials on their exhibition of camping techniques. Among the Scouts participating and their scores are:

Barrington Troop-10 A.
Lake Zurich Troop-35 A.
Arlington Heights Troop-7 B.
Troop-32 A; Troop-37 A.
Prospect Heights Troop-36 A.
Wheeling Troop-18 A.

Scout Indians and their chief in full ceremonial dress, from the Tribe of Delavan, Argo, Illinois, opened the camp fire ceremony Saturday evening with an appropriate fire dance in the darkness. At its conclusion the eight foot high pile of logs suddenly burst into sky leaping flames lighting the scene as only a roaring camp fire can. Big Chief and his mighty warriors entertained the audience with such colorful dances as the rabbit and owl, hunting, story, eagle and the dance of joy.

DICK PUFFER and David Duerwacher of Barrington related their many experiences while attending the International Jamboree held on the banks of the Seine river at Moisson, France, in a very interesting narrative concluding their talk by showing several articles they had gained by swapping with Scouts of other nations.

Stan Huntington, Scout Executive, cut loose with several anecdotes about Paul Bunyan and his Blue ox "Babe" that nearly split the Scouts wide open with laughter.

Wally DeBuhr, Ass't. Scout Executive, after leading the Scouts in a famous song "Alliott" took an imaginary band of Indians over 300 strong on an invasion trip into enemy territory. He performed so realistically that one could actually hear the feet of his warriors as they rushed down the mountain side, swished through marshes, thumped across bridges, clattered into battle and the triumphant return home.

Joe Donovan, campfire program chairman of Skokie and a member of the Order of the Arrow conducted the campfire program including two "skits," "A Redskin bites the dust" and "The Lighthouse." Otto Harz and his

Dr. Walter Maier appeals for food for Europe's needy

A nation-wide appeal for food, clothing, and medicine to be sent to war-stricken Europe will be broadcast Sunday by Dr. Walter A. Maier in a coast-to-coast message, over the Lutheran Hour.

Recently returned from Germany, where he served as expert-consultant to the United States Military Government, Dr. Maier reported: "Despite any contrary reports you may have heard, most of the people in Central Europe are hungry most of the time. Normally, diet experts tell us, the average human being needs about 2800 calories in food each day. The vast majority of these people in the defeated areas do not receive that minimum. In Berlin, for example, those engaged in heavy labor are entitled to 2450 calories on their ration card; the white-collar workers, doctors, ministers, teachers, receive 1950; the rest of the population 1750, and this food they get only when it is available. For most of the population the daily diet is bread and potatoes; and a doctor in Berlin's largest hospital writes in reporting to me of the staff there, 'day after day we've had nothing but dry bread.'"

The harvest in Central Europe this year, due to drought, flood, and crop failure, is disappointingly small; in our own country the corn fields have yielded almost a quarter million bushels less than had at first been predicted; and unless the Almighty miraculously intervenes, and you actually send and give everything you can, masses may die of hunger during the coming winter which may be Europe's worst.

We have burned, dumped, sprayed with creosote hundreds of thousands of tons of potatoes for which Central Europe would

hard working committee deserve a lot of credit for the fine program and its splendid presentation this year which enabled hundreds of Scouts to realize the joy of outdoor camping.

thank God on bended knees. With eggs at their record high price, the government has 138,000,000 dozen; that means 1,656,000,000 eggs on hand in dry or frozen form; and a Berlin doctor reports to me that she has not had an egg to eat for more than two years.

In Germany, and again I plead for the millions in other countries, suffering under the same hardships, as I tell you what I saw with my own eyes, masses have been ravaged by disease and epidemics on account of insufficient food, lack of medicine, unsanitary and overcrowded living conditions.

In the aftermath of this undernourishment and physical collapse, the postwar death rate in sections of Central Europe has increased more than 100% over the prewar figure. While the death rate in the United States is constantly decreasing and now is about 10 per 1000 population, in Berlin this June it reached 27 per 1000 population and is constantly rising. In other words, the present death rate there is almost three times higher than the American.

Notice

Take notice that an application for retail liquor dealers' license outside incorporated village or town in Cook county has been made by the following:

Raymond W. Drewes, "Kitty Korner," Rand and Dundee Roads, Palatine Township, Palatine, Illinois.

Objections to the granting of such license may be made to the President of the Board of Commissioners of Cook County as Local Liquor Control Commissioner in writing and signed by the objector within five days stating specifically the grounds of objection.

Wm. H. ERICKSON,
Cook County Liquor
Control Commissioner.

Camera club names picture winners

In a close vote to determine the winner of the previously tied decision on the "Miss Hobby Show of 1947," Miss Juanita Shellkop was adjudged the winner of the title and Phoebe Ellis was awarded a close second place. The Arlington Heights Camera club also wishes to thank the other young ladies who entered the contest so willingly. Thanks are also due to local merchants who contributed prizes to the contest winners and to the winners in the photographic contest.

The best picture submitted in the camera contest which was also a part of the Hobby Show was one submitted by Taylor Lewis, Jr. under the title "Phoebe." Ted Decker was chosen second prize winner for his fine color prints.

The popular vote submitted by visitors at the Hobby Show were tallied at the last meeting of the Camera Club and it was the unanimous opinion of the voting that Sam Woods' "Misty Spring" was the best picture. "Rickey" submitted by T. Biggs Lewis was voted the next best picture of those hung by members of the Camera Club at the show.

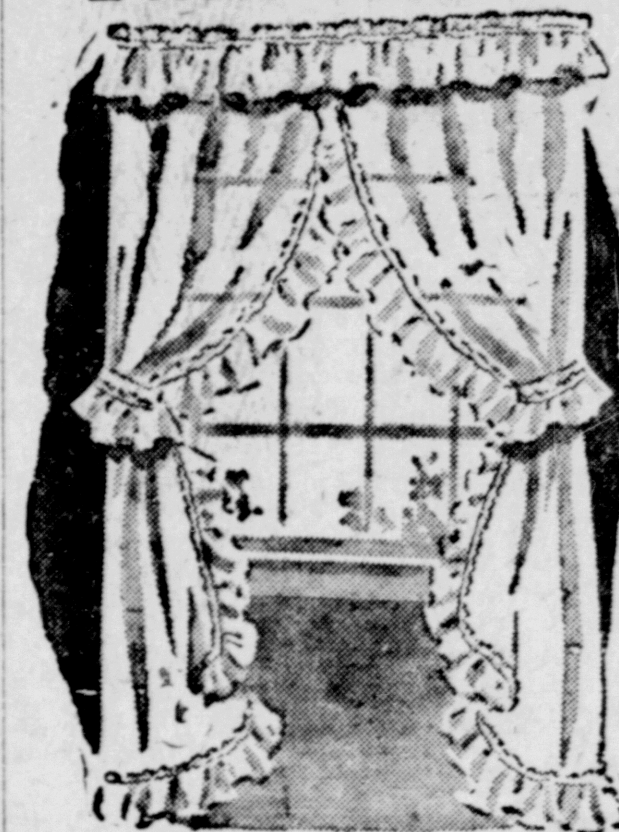

All residents of Arlington Heights, Mt. Prospect and Prospect Heights who have a serious interest in amateur photography are invited to attend any of the Camera Clubs regular scheduled meetings at 8:30 p.m. in the first and third Wednesdays of each month at the Community Camera store in Arlington Heights. Meet the boys — you'll find a lot in common with them.

High to Jobs

Throughout history more people have been engaged in agriculture than in any other occupation. World Book encyclopedia states that even today more than three-fourths of all the people in the world work at one or another of the many kinds of agriculture.

Democracy at Arlington Hi

by JOAN E. FLORENCE

Was there ever a resident of any community who did not occasionally wish that he could "speak up" about the affairs of his town? It is not that way at Arlington Heights high school. Every student has the opportunity to criticize, to bring changes and to correct wrong practices. Provided he does it the Democratic way.

Democracy at Arlington High

Democracy at Arlington High this year is largely promoted by the student government body known as the Student Senate. In their hands, more than ever before lies the responsibility of not only discussing the current problems at school, but in cooperation with Mr. Knoepfel, the principal, they determine and design the school activities.

Each homeroom elects a president, who represents that group in the Senate. A student wishing to register a complaint or suggestion brings it up in a homeroom discussion. The president then takes it to a Student Senate meeting where action can be taken on it. All important business discussed at the Senate meeting is taken back to the homeroom by the president. Thus, every member of the high school is indirectly represented through the Student Senate. Recently questions concerning the new cafeteria lunch system in the cafeteria were discussed. Miss Handlin, faculty advisor, explained why the students can't have all the a la carte lunches they want.

The Senate officers elected by their own members are President, John Fellingham, Vice President, Ken Bork, Secretary,

Phoebe Ann Ellis. Faculty advisors are: Mr. Knoepfel, Miss Handlin, and Mr. Sichenmyer.

The success of last week's Homecoming was largely determined by the Senate. Committees selected by them organized the details of the parade, bonfire, judges and prizes for the floats and the coronation of the king and the queen.

Three new committees have been formed this year. They are: (1) Social Affairs, which is in charge of arranging the dance schedule. (2) School Entertainment, which will plan the future assemblies, seeing that the program is varied and frequent enough to satisfy the students. Also they are to see that student talent is brought forth in assemblies. (3) Constitution committee, formed in order to draw up a satisfactory constitution that will clearly state the purpose and the duties of the Student Senate.

Since the forming of the Senate in 1944, Arlington students have become fine citizens in a democratic form of government. This shall prove to be valuable experience in years to come.

Bensenville Home Auxiliary To Hold Benefit Bazaar

The Bensenville Home will benefit from the fourteenth annual Christmas sale which the Woman's Auxiliary of the institution is sponsoring Thursday, October 23, at St. Paul's House, 3831 North Mozart street, Chicago. Mrs. Robert Stauber, 2057 Bradley place, Chicago, president of the auxiliary announced recently that the proceeds of the bazaar will help complete the organization's special pledge of \$10,000 to be paid in November to the building fund of the institution which will be started next year and which will cost \$700,000.

The auxiliary, one of the sustaining organizations operating solely to assist the home, contributes annually to the general budget of the institution as well as special projects such as the current pledge. The women's group numbers more than 1,000 members from Evangelical and Reformed churches in the Chicago area. Mrs. John Surma, 3812 W. Cornelia, Chicago, is chairman of the bazaar which will feature needlework, aprons, baby clothes, dolls, food and flowers, luncheon at noon and a home-cooked dinner for evening guests.

Popular feature at bazaars is always the showing of kodachrome slides picturing the children and aged in their activities at Bensenville. The collection is constantly added to; in fact, the cameras used in the color photography, were a gift of the auxiliary. Paul M. Mitchell, home photographer, does the picture work, and Mrs. Paul M. Mitchell, director of social service for the home, and her assistants are in charge of showing the slides.

Remnant Buys

When shopping for dress-making fabrics, don't overlook the remnant tables. Short lengths of expensive fabrics make collars and cuffs for a dress of less expensive black fabric. Under-suit blouses are made from short lengths of fabric and some remnants contain sufficient material to line jackets or children's coats.

It's 'Color Day' at homecoming

by NANCY NICHOLS

Color Day! My eyes are dazzled by blaring red ties and shining white blouses and shirts. Not only school-spirited students but also enthusiastic faculty members appear everywhere in a blaze of red and white!

You ask for examples? Listen closely! The illustrious Mr. Cramer shows great originality and good taste with his flaming red ascot tie. Other faculty members, as they hurry about the halls, sport perky Cardinals mysteriously resembling those on the Dedication Programs.

The favorite student garb ranges from red skirts and white sweaters or blouses to blue jeans and red sweatshirts for the girls and either jeans and A-sweaters or white pants (Are my eyes deceiving me?) and red shirts for the fellows. Our Senior boy flaunts a banner inscribed "ARLINGTON HIGH", more than one Homecoming-happy underclassman parades a jaunty little red cane with red and white streamers and a cardboard baton twirler attached. Of course some unmentionable souls independently wear the same old unimaginative everyday styles, but they are in the minority.

Miss Mahin mentions one English class whose flashing reds and whites are almost blinding. "My student are all bright in color at least," she comments. Is there a subtle implication in this remark?

All in all this is Color Day to be remembered!

Mixed Jury Votes Acquittal For Kassers

A mixed jury Saturday returned a verdict of acquittal for George and John Kasser, brothers, charged with the murder of Gunnar Hanssen, of Wood Dale, who died following a tavern brawl at Three Pines Tavern, north of Elmhurst last January. The jury was out for three hours.

THE TRIAL lasted five days. LeMoyer Snyder, an expert medical criminologist was called to the stand by the defense. He had previously testified on the Overell case in California. His testimony revealed that the cerebral hemorrhage which killed Hanssen could not have been caused by blows he received in the fight.

Snyder said he based his opinion on the following facts revealed by proceedings made by the defense. First, the blood clot which formed from the cerebral hemorrhage in Hanssen's head was on the very top of his skull where it was unlikely that he was struck by the Kassers.

SECOND, Hanssen fell down several times during the fight and once struck his head on a table. Snyder said it was highly probable that when Hanssen fell to the table he hit his head hard enough to cause a cerebral hemorrhage.

Third, Hanssen had during the evening of the fight consumed a considerable amount of liquor. These facts lead Snyder to the opinion that the fatal blow came when Hanssen fell and further, that, since he had consumed liquor, he may have fallen because he could not maintain his balance.

Snyder pointed out that liquor causes congestion in the blood vessels of the brain, and that even a very slight blow on the head could produce a hemorrhage if a person were intoxicated.

THE TWO accused brothers took the stand in court Thursday and told how Hanssen started a fight with their brother-in-law, Edwin Siemers, over a parlor trick in Three Pines Tavern. Hanssen, who was 6 feet tall and weighed 200 pounds asked Siem-

ers to fight, and then hit George Kasser when he interceded to prevent the fight. Later, after Hanssen had been knocked down, the brothers told the court, Hanssen hit John while he was sitting at the bar apparently mistaking him for George.

Navy day Oct. 26

Captain Cecil B. Gill, USN, Commanding Officer of the U. S. Naval Air Station at Glenview, announced today that the Glenview Naval Air Station will celebrate "Navy Day", 27 October,

by holding "Open-House" aboard the station on Sunday, 26 October. Officers and men of the Naval and Marine Air Reserve program will have an opportunity to demonstrate to the citizens of Chicago and the surrounding areas their proficiency in their hard-earned wartime skills on that day.

"HE GAVE UP HIS LIFE"

LIBRARY DESIGN

SETTLER'S STONE

WEeping ANGEL

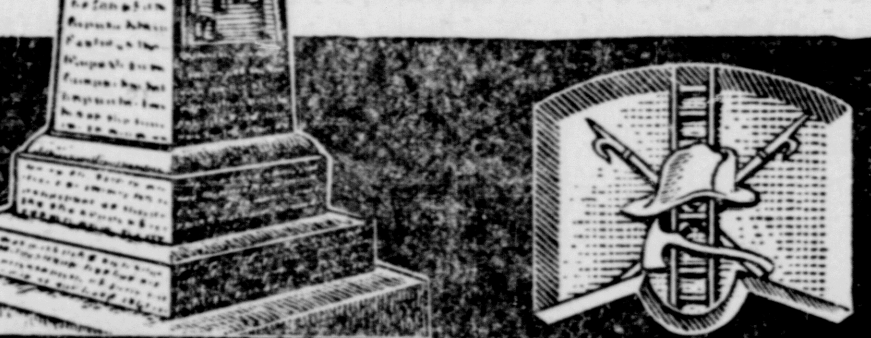

We have been browsing again in old Northern Illinois' cemeteries. Again we have collected epitaphs and unusual stone carvings. And we have collected stories: there is the story of a family memorial on which the husband expresses his sentiments regarding each of his three wives; there is the story of why two monuments were erected to the memory of one man; there are the stories of how two men buried a few hundred feet apart met their deaths by gunfire; and there are dark tales of poisonings. This

OUR LANDMARKS is the second of two on old burying grounds of Northern Illinois.

The tombstone art is reproduced by John McKee.

Many workers needed in Northwest side

Your local Illinois State Employment Service Offices located at 5306 West Lawrence ave., 4914 W. Belmont ave and 4841 N. Western avenue are set up to assist job seekers in finding suitable jobs.

Employers in this area are offering good starting rates, plus many benefits such as vacations, hospitalization and life insurance, sick benefits and liberal bonus and incentive plans.

A staff of trained interviewers is available to assist applicants in locating the employer who is trying to find workers with qualifications for the work or who can be trained for the job.

Applicants can save the time and expense involved in traveling from plant to plant by call-

To seek \$100,000 for swim pool at Libertyville

A committee is to be formed for the purpose of conducting a campaign in the interests of establishing a public outdoor swimming pool in Libertyville. It will probably be the goal of the committee to raise \$100,000 through donations. It is thought that there will be a goodly number of large contributions and after these are obtained the general public will be asked to assist.

ing at the nearest ISES office and allowing the interviewers to give them information regarding openings for which they can qualify. This service is without charge to worker and employer.

NU devises new methods of testing building soils

Soil mechanics experts at the Northwestern University Technological Institute have developed a new method for determining the strengths of clay sub-soils which can make possible the saving of 50 million dollars yearly to the construction business in the United States.

Using a hypodermic needle and castor oil, coupled with two photo-electric cells, a specimen of clay enclosed in a rubber membrane and a clock-operated, automatic disk recorder, Professors P. C. Rutledge, J. O. Osterberg and T. W. Van Zelst, a graduate research assistant, have devised a pore water pressure instrument which will increase existing knowledge about the strength of clays and other cohesive soils used in engineering structures.

"By enabling engineers to design earth dams with the assurance of no failure a large amount of money can be saved. When there is a failure in an earth dam — such as the disaster at Fort Peck, Montana, in 1938 — the loss of millions of dollars and many lives may take place," said Prof. Rutledge.

In emphasizing the scope of the laboratory's work, Rutledge pointed out that today there are more earth dams than concrete because many are constructed where masonry dams cannot be built. Every small bit of knowledge engineers acquire about clays will enable them to design and construct buildings and earth dams more economically. The work will contribute to better levees along rivers and aid the nation's flood control program, said Rutledge.

Prof. Osterberg said that buildings in Chicago, New Orleans, Boston, Cleveland and Detroit have settled as much as two feet in the subsoil on which they were erected resulting in cracked walls and the loss of thousands of dollars for repairs to plaster and brittle facing materials on the exteriors of buildings. Many of Mexico City's buildings have settled six or seven feet and the loss in repairs there has been great. The pore water pressure instrument will aid engineers in minimizing such settlement.

Glenview to tax water bills for future sewers

Need for a means of financing the maintenance of existing sanitary sewers and the construction of future relief sewers as needed has for sometime been recognized by the Glenview village board. The Committee on Streets and Sewers has been studying this problem in detail and at the last meeting of the Board recommended the adoption of an ordinance providing for a small sewer use charge.

This quarterly charge is to be based on the winter water bill and will amount to approximately 20% of this base water bill. It was pointed out that this charge would bring an annual return of approximately \$6,000. This money would be held in a separate account and expended only at the direction of the Village Board. It is planned that a portion of the sum would be set aside each year in a sinking fund to construct relief sewers in the Village as needed.

German Patents Part of the booty of war is our exploitation of the 26,000 German patents we seized when the Nazis declared hostilities, plus the 2,000 more granted on applications then pending. Those methods, now open for use in articles sold within the United States, will be applicable to goods sold abroad in countries that have agreed to international utilization of those evidences of German ingenuity.

Hawaiian guitar clinic Saturday

America's foremost Hawaiian guitarist, Eddie Alkire, will be the star performer and speaker at a student clinic sponsored by El Rey Music Center at their northwest Chicago store, 5709 W. Irving Park road. Scheduled from 8:00 to 10:00 p.m. next Saturday, October 18, the clinic has been arranged to give anyone interested in the Hawaiian guitar an opportunity to see Mr. Alkire and to hear him play. He will answer questions, give autographs, discuss student problems, do anything that his audience is interested in.

Mr. Alkire is an outstanding radio artist whose recordings are broadcast frequently over stations all over the country including two in Chicago; he operates his own publishing house and has written his own method for the guitar; he writes voluminously for all the music magazines; he has developed a 16 string "Eharp" which is a super guitar on which he can play many of the classics which are not practical on the ordinary guitar; he is well known professionally as a teacher of teachers.

The clinic is free to anyone interested. This is a rare opportunity that will not be repeated

Park Ridge to adopt parking meters on six months trial

The motion that Park Ridge adopt parking meters for a six months trial period was passed unanimously by the city council at their meeting Tuesday evening.

After a letter of recommendation was read to the council from the chamber of commerce committee, Ald. Elton A. Herrick, Jr. introduced the motion that the city try the meters for a six month interval. At the end of this period a post card addressed to city clerk Fleissner will be sent out with water bills, to poll the opinion of Park Ridge residents as to the success or failure of the plan.

soon. There is nothing promotional in connection with it. Mr. Alkire is a personal friend of Mr. Herrick and Mr. Gaitisch, partners of El Rey Music Center, and he agreed to make the appearance during a visit over the week end.

Sunday afternoon the Center will play host to a group of selected teachers from the Middle West in a teachers clinic which Mr. Alkire will conduct.

In the future

A San Francisco theater manager searching for "noiseless popcorn" found the answer by packaging it in non-crackle popcorn bags of laminated cellophane, with soft glue between double sheets to deaden the crackle. Spark-plug cleaning device operated with a foot pedal to leave both hands free for handling the plug is a new unit available for garage and fleet owners. Highway vehicle traffic counts can now be accomplished through the use of a new electronic photo-electric relay unit. New transparent finish that can be applied with a cloth makes wallpaper washable. New six-quart cooker soon to be on the market is said to be the largest pressure cooker yet offered for general household use. New "twin" parking meter soon to be marketed will register the toll for two cars at a time. A California manufacturer will bring out a new three-wheel half-ton truck designed for short or long hauls where a larger truck would not be economical. New home water-softening container does its job with a synthetic mineral filter housed in a two-foot plastic tank piped into the water line.

Plans social at Wittenberg school

Miss Gladys Rennack, Palatine is preparing a fine program and basket social for the benefit of the Wittenberg school Oct. 31. It is to be a Halloween party and to add another touch of the occasion, Frank Gahlbeck will take those who wish to attend out in the "latest motor bus". The bus leaves Rennack's corner at 7:30.

Albert Engelking in accident

Albert Engelking, Arlington Heights, had a very narrow escape Tuesday, Oct. 16 when with four boys in his auto they were traveling along River road in Des Plaines and to prevent a collision he turned too far to the side and went off the pavement. His machine rolled down the bank toward the river.

His car was a wreck and he was badly bruised and strained. The others escaped with a few scratches. This accident could have been prevented if the other autoist had turned down his bright lights and given half the road.

Women asked to register

The week beginning November 5 has been set aside by the U. S. government for all women of 16 years or over to register. Governor Lowden has issued a proclamation urging that all women register in the places designated in their communities.

A woman may register for volunteer service, for paid service, or if she is doing all she is able to do at present, she may register for no service. She may also ask for training in any line of work.

In any case the government asks all women over 16 years of age to show their loyalty by saying whether or not they are in a position to help in this crisis.

Wheatless and meatless days

We have our wheatless day, our meatless day, and we are doing so well we think with a little practice we can have an eatless day. This is no hardship when compared to what the soldier and sailor boys have to endure. We are glad to do it as our bit.

Washington to aid in building roads

The United States government, realizing the enormous importance of good roads for military purposes now as well as for commercial traffic later, offers to pay 1/3 the cost of building a new group of roads in this district if the state will pay a third and the counties a third.

October 30 in Lake county and November 6 in Cook county voters will find on their ballots proposals for bond issues for this road fund. The Lake county issue is for \$350,000; in Cook county it is for \$1,000,000.

The state's proportion of the required funds has already been pledged. It is now up to the counties. The highways to be built are not merely of military importance; they would be feeders to a traffic of the utmost importance in time of peace.

Gather fuel in woods

A party of 14 members of the Itasca Red Cross motored to the Lawrence woods south of Meacham Saturday afternoon and collected wood for the Red Cross orphans. Hot coffee, doughnuts and sandwiches helped make the task a pleasure.

Tales of the STREET

BY I. C. HART

LOBSTER

Now just where did Tony Dolatowski get all those lobsters that he recently shipped home and had distributed to his friends? Yes, they were real live lobsters all right and they had many of the women folks scared of them before they finally got to the table. But when they got there Tony's friends were living on the fat of the land (for the ocean) just as sure as any ritzy dinner in some big swank city hotel.

Tony's friends are wondering if he took time off and went lobster fishing himself or just how he acquired those big scary looking things (before they were ready to eat.)

No explanation accompanied them. Just a message from Tony's family to his friends, "Come and get a lobster." His friends thank him for the treat, and they expect to find out some time how and where he captured them.

FALL COLORS

The leaves have kept green extremely long this year, but they are now turning fast. The village streets, the woods, and the roadsides are showing a lot of color these days. The sumac was never more brilliant it seems, and the trees in the woods are beginning to show many shades of brown.

The maple leaves in town are also showing lots of color and a yellow haze from the turning leaves hangs over many streets. South Plum Grove avenue is one of the streets where the leaves turned among the earliest and they make that street an avenue of beauty.

There does not seem to be the prospect of such brilliant color in some of the leaves this year as the early frosts seem to have caused many leaves to turn brown and fall, rather than to color up in the brilliance of some years.

The fall season from now until the trees are bare should be one of beauty and contrasting colors. The ember day forecast for a beautiful and warm October has surely been living up to its advance notices so far.

THE WOMEN WIN

For the rest of the season some of those major league bowlers will have to be kidded about being beaten by the women. Yes, a picked team of major bowlers were beaten by the Meister Brau girls Saturday night in a red hot match game that saw the girls take the total pin count by a scant six pins.

The girls grabbed the first game by 87 pins; then the girls grooved the boys under by over 100 pins. The third game went to the boys by a narrow margin, but the girls walked off with the match with a six pin margin. Those girls really know their stuff on the alleys, and they were really pounding them in there, especially in that second game. Be it said for some of the boys that they were shooting better than they have this season to keep that close to the ladies.

The presence of the invading ladies' team seemed to spur the boys to put their best foot forward, and they knew that there was a gallery watching that was

right ready to give them the works if the ladies beat them. Both teams did some nice bowling, and they both seemed to have a lot of fun during the whole match. The gallery also enjoyed itself. Some more matches of this sort would be a fine thing for the sport hereabouts.

CHANGED TOWN

Dr. C. G. Shaddle of Forest, Illinois, spent the week end visiting his sister, Mrs. Hattie Nichols, a short time ago. Doc is an old Palatine boy that graduated from high school here and used to know every one in town.

One evening he went down town to do some shopping and when he got home his sister asked him who he'd seen. "Not a darn soul I'd ever seen before," was Doc's reply. When we ran across him at Schoppe's store the next morning he was telling us about what a changed town Palatine was.

Well, it surely is a changed town. We've been right here and seen it during its changing process, and we even seen an immense difference. We can well imagine that for an old-timer that hadn't seen it so often that it must seem as if the old town was almost completely gone.

RESCUE

When Commodore Bill DePue was shooting along the Fox river in that speed boat one Sunday morning recently he saw a boy and a girl in a sailboat tossed into the river when the high wind capsized their boat. The commodore dashed to the rescue, threw a line to the girl and hauled her into his boat. He returned her to shore and her anxious parents while the boy hung on to his boat and was blown into shallow water here he could wade to shore.

Now just let word of this rescue on the part of the commodore reach the Indian river country down in Florida and watch the pretty damsels along the river fall overboard, get a cramp while swimming or anything else to be rescued by Bill.

ARRESTED, SELLS POLICE A CAR

You've got to hand it to some of these salesmen boys; to them everyone is a prospect. Take, for instance, the car dealer that the Palatine police picked up for speeding.

The car dealer got into a discussion with the officers on the relative merits of the various makes of automobiles. His line was the Hudson car, and we'll be doggoned if that fellow, after getting pinched in Palatine, didn't turn around and sell the Palatine village board a new Hudson for a police car.

If that isn't salesmanship, we don't know what is. Never know where you may find a prospect, even when you're in the hands of the police.

LONG HAUL

We were given a receipt the other day for one of those famous towing jobs that the county police were responsible for some time ago. A car was towed from Route 53 and Dundee road clear

Weekly recipe

Prospects of meatless meals are not too disturbing when you can substitute a tasty, nourishing, eye appealing main course. Abundant in nutritive value, baked stuffed green peppers possess all ingredients needed to maintain a well balanced diet for your entire family.

Baked Stuffed Green Peppers
6 green peppers.
6 hard boiled eggs.
1 cup diced carrots.
1 recipe medium white sauce with B. V.
1 cup milk.
2 cups diced celery.
1 tsp. salt.
3/4 cup boiling water.

Method: Cut 1/2 inch from stem end of peppers. Wash peppers and remove seeds and membrane. Dice slices cut from top of peppers and combine with carrots, celery, water and salt. Cover vegetables in pan and allow to simmer until vegetables are tender. Drain. Add chopped eggs. Prepare medium white sauce to which has been added 1/2 tsp. B. V. Mix vegetables with sauce and fill peppers with mixture. Place filled peppers in casserole and pour 1 cup milk over — allow to bake at 350 degrees for 35 minutes.

Yield: 6 servings.

Kenilworth rector is appointed dean of Lake Shore area

The Very Rev. Leland H. Danforth, rector of the Church of the Holy Comforter, in Kenilworth, was appointed recently as dean of the Lake Shore deanery by the Rt. Rev. Wallace E. Conkling, Episcopal bishop of Chicago.

The Lake Shore deanery covers the area from Evanston north to Waukegan and as far west as Palatine.

LATEST DIRT

The soils of the United States have been classified into more than 8,000 different types by agronomists (soil scientists) according to the World eBook Encyclopedia.

over to 6800 north Harlem ave., Chicago, instead of being towed to a local garage.

A local garage man was instructed by the car owner to get the car and it cost him the \$15 towing fee to get his customer's car to his garage, when he could have towed it there for \$5 from the scene of the accident. It seems that a car has to be towed about \$15 worth to satisfy the county cops, regardless of how many garages are close at hand or where the car owner wants his car taken.

We know of one garage man who, when he gets a request to tow a car involved in an accident, will simply have nothing to do with the job, because of the fuss he'd have to have with the county cops. That garage man, by all the laws of nature and politics, should be "in right" on any political setup with the county, but he isn't.

This car towing racket isn't a political hookup; it's a racket hookup of the worst kind. It's been prospering for a long time to the disgust of a countless lot of people.

STILL HERE

Those katydids don't seem to be satisfied that their frosts have come and killed off most everything in the gardens and fields. Some of them are still sticking around and scounding off every evening.

Jerry Acree, the winning katydid forecaster, has a few of them still talking to him down in his neighborhood. There are a few still loose up on the north side, but George Butler won't have anything to do with them. He says the blame things never acted this way before.

Maybe these late stayers are trying to convince George that he wasn't so far wrong after all, and that we haven't yet had that killing frost that kills everything in one grand swoop. Maybe that time won't come for a while yet. Anyhow, those noisy little forecasters, or at least the rear guard of them, are still hanging around.

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Arlington Heights, Illinois.

Asserts Editor should be more selective in choice of words

CORRECT ENGLISH

In the Editor's Column, from the October 10th edition of the Arlington Heights Herald, you glibly used the phrase, "trigger in the woodpile," in reference to some committee's skepticism. This phrase originated many years ago in the south, implying a sharp retort to those people whose skin was a little darker than that of the Caucasian race. Today the use of the word "trigger" is considered in bad taste and always offensive. It is a corrupted form of speech, and never should be used by honest people who believe in the ideals for which our government stands.

It is true that you have used this expression like so many others use coarse and vulgar language. Without thinking, we habitually color our spoken and written word with names that refer to other people, blighting them as a race. Perhaps this may seem very trivial and unimportant. But it is these little knocks and slanderous words that leave their marks on a race of people who have proven themselves to be our equals and we, theirs!

It is my good fortune to be attending a college where the students and faculty together are carrying out Democracy as it was intended to function. We not only believe in what the amendments to the Constitution state, but we are living by those principles of fairness and equality of station that are embodied in that document.

I feel it both as a duty and a privilege to request that your newspaper please refrain from using proverbial phrases, which in an age long past, may have been considered "cute" and just, but today, have no place in our struggling to uphold the character and rights of small minorities.

Elmer O. Neumann,
Arlington Heights.

It Happened Here

To whom it may concern: We are pleased to report that the lady cardinal, absent for so long that we mourned her as lost, returned with the lively flegelings; she not only introduced them to the enjoyment of sunflower seeds, but she lured them to the kitchen windowill where they soon made themselves at home as tho they had always known about it. Another brood as late as this, making 3 in 1 season. We always wonder where our cardinals go for their long vacations and why they finally come back to our seeds and bath. It was Fire Prevention week and the kindergarten teacher was using the Chicago fire as a good example of what a little fire can start and how careful we should all be; as the story developed in drama, telling of homes being burned, and food and clothing stores going up in fire, tension grew in the kindergarten until a small, clear voice piped up accusingly: "And what was God doing?"

S'Amuser.

PARKING METERS

Parking meters have been a success wherever installed. Elgin has them. Barrington has them. There is no record of complaints and much needed revenue comes in.

The company selling them will do so WITHOUT COST to the village and take in the collections until they are paid for, at which time they become village property; the taxpayers get all the collections, and they require very little to maintain.

Arlington Heights and Palatine should have them in the business districts too. Why don't they???

Civic Minded
Palatine.

VOICE OF THE PEOPLE

I have gotten so many compliments on the first article I ever sent in to you it makes me want to send more. I did not object to you re-wording it a little. However, I did not write, nor intend it to mean, any reflection on the police department in general, nor upon other village officials, and trust you will make some correction of that.

R. H. Sanford,
Palatine.

JUST AROUND THE CORNER

ear Jane:

I suppose you know by now that the Emma Wilke Shop opened the last Saturday in September in our town of Harvard. It was just as I had thought—such a shop has been needed for along time. There was a constant stream of people in and out of the store all the day and evening until ten o'clock. 958 individuals signed the guest register!

As I have written to you before, the shop is completely modern in every way, with lovely soft colors predominating. It is a distinct pleasure to buy here, and several of my friends and myself have already availed ourselves of the opportunity to purchase some of those sheer gray hose in the new marker colors. I bought an adorable pink corduroy bonnet for Angela's new baby. She is pleased with it I think I shall go back and get one like it in blue for Hazel's little Miles. The pes for boys have a tiny peak, and look exactly like bonnets for baby boys should look. They have the masculine touch. Remember how difficult it used to be to get suitable bonnets for my babies? And how inconspicuously (funny little boys appeared all lacy and be-ribboned?) I remember having to make real sacrifice when I bought clothes for the boys when they were young. Having no daughters and loving the garments I saw for girls in the shops, it was often hard to settle for masculine attire.

Still, is there anything sweeter than a three year old boy in two pieces, white knitted suit and white shoes and socks? And even later on, what could be nicer than the Eton suit and bow tie?

Well, the last of our boys

has grown out of the Eton suit, and frankly, I hated to see that day come. Edward has long since refused to wear the gray wool shorts that went with the collarless and single-breasted grey wool coat. This suit actually showed little wear, so I packed it off to my old friend, Eleonore, who loves this particular style as much as I, and who has three boys still within the age to wear it.

Did you try the "tree tomato" in your garden this year? If you did you know just how wonderful this vegetable can be. We are still picking large, firm tomatoes for the table, and never have we had a tomato that kept its flavor for so long a season. Usually, tomatoes at this time of the year have lost that fresh, fully ripened taste that is recognizable when they first reach maturity. Rob says, however, he thinks they are much like the "beef-steak" variety we have grown in other years, but I think they are really something special, and I'd just as soon eliminate the other varieties in next year's garden.

Jack was home from school this past week end, and one of the jobs he elected to do was the trimming of Bonnie's (his horse) hoofs. I learned one or two interesting things about horses and dogs, too, during this enterprise in the barn.

In the first place, he had previously mentioned that he would not trim the hoofs until after Patty had ridden Bonnie. I asked him why? And he replied, "wait and see." I was curious, of course, but I waited without further comment until late in the afternoon, and then I saw what he had meant.

After a long ride through the meadow, Patty brought Bonnie back to the barn and turned her over to Jack. It was evident that the horse was tired, and though she seldom likes to stand still to be bridled and saddled and is always anxious to let her heels fly, she walked docilely into the barn, and without being tied, stood patiently while Jack lifted a foot and went to work with cutter and file.

For the first time in my life I saw a horse yawn, not once, but several times. She was completely at ease, and glad to be standing still. There's no doubt in my mind but that Jack or any other person would have had a most unpleasant time with that horse if an attempt had been made to trim her hoofs before she had had a workout. Rob pridefully says, "Jack knows horses, there's no guess about that." And he is gentle about firm with them, and they sense and respond to the love he gives them.

After Bonnie was released to the pasture, Jack picked up a few pieces of the parings, and said to me, "Watch this." He tossed them to Lassi, the dog. She sniffed at them, and immediately picked them up and

ate them with apparent relish. I was surprised, and said so. Jack told me that dogs, as a rule, are fond of these trimmings, and that it is a well-known fact Dalmatians, (the coach dog) will fight furiously with one another for these choice bits of food at hoof trimming time. In the old days, every estate where horses were raised, kept several Dalmatians, for the Dalmatian loves the horse and accompanies their owners on the coach and frequently followed on foot behind. It is a fine, intelligent breed of dog, and a beautiful one, as well.

This being Monday, I'm again alone at the farm. All the family is either at work or at school. Though I miss them I am glad of the quietness that prevails. It seems that it is the time I am more conscious of the scenery around me and the "sounds" of the farm.

When I walked about the place after returning from depositing Rob and Bob Jr. at the train and the younger boys at their respective schools, the cats and Lassi came up to brush themselves lazily around my legs. I like the funny little noises they make in order to talk to me. It is as if they are telling me "now that the rest are away, perhaps you'll have a little time for us."

I like to walk about and think of our plans for beautifying this place. Of necessity, we have to work slowly, but little by little, we see the land returning to productivity. The fourth growth of alfalfa for this summer is well on its way to thickly covering the field for winter. It looks green and lush in the October sun. A fine stand of corn awaits the corn picker, and the popcorn in the old orchard has already been handpicked. This will be marketed, with the exception of a few bags for distribution among friends and ourselves for those winter nights before the open fireplace. Where there were no flowers before we can see them now, and will, I hope, see more as the months go by. Already, the tiny bushes and trees set out only a year or two ago, show their new growth. All this is very gratifying to those who see the fruit of their own labor.

"Spring is the season for dreams — and growing; In Autumn, fruits of harvesting — and knowing."

With love, Mary.

KATHERINE SIEVERS

In Probate court the will of Katherine Sievers who died in Chicago August 17, has been admitted to probate. In it she left a niece, Esther MacMillan of Des Plaines, \$1,000 and one-fourth of the residue of the estate.

New ideas in homes

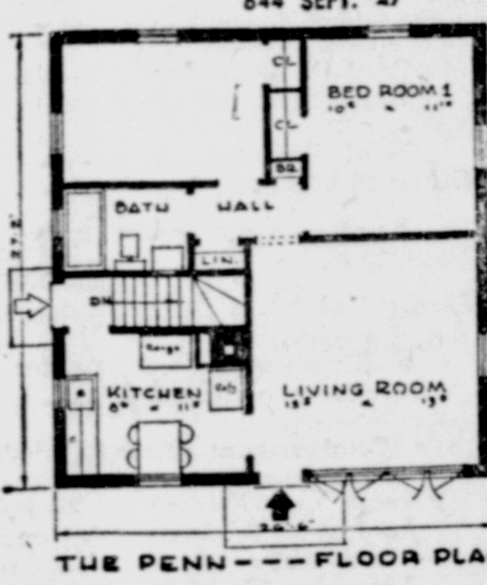

HOUSING PLAN SERVICE, Inc.

THE PENN — The solid burghers of many of our early American towns chose brick for their homes because of its strength and durability. Thousands of these early homes are today still worthily fulfilling their function, permanent testimony to the shrewdness of their builders.

The Penn, pictured here, is a fine example, in perfect architectural taste, of the brick bungalow of the twentieth century. Although its appearance is that of a small house, ample space is provided in the plan to include a good sized living room, two bedrooms with good cross ventilation, a bathroom and a kitchen large enough to incorporate a dining nook.

Sturdy dependability is not the only quality of brick. In addition to this desirable characteristic, is combines beauty and charm in its varied mellow colors, delightful textures and simple ornamental design effects.

The Penn, like all the brick houses of our series carries the seal of approval of the Structural Clay Pro-

THE PENN — FLOOR PLAN

ducts Institute, conforms to the standards and construction requirements of the Federal Housing Administration, and its wiring and electrical installation complies with the efficiency and safety standards of the National Adequate Wiring Bureau.

Complete detailed working drawings and specifications from which this house may be built may be had for \$7.50 per set from Paddock Publications.

Infant Mortality

The lowest death rate for infants yet recorded—fewer than 40 in each 1,000 live births—is reported by Dr. Sarah S. Deitrick of the Children's bureau. This represents a decrease of more than 28 per cent in ten years. The death rate for mothers because of pregnancy or childbirth—less than 23 for each 10,000 live births—also is the lowest recorded, and shows a drop of more than 60 per cent.

Modern Etiquette

by ROBERTA LEE

1. Is it proper for a man to offer his hand when being introduced to a woman?
2. When declining an invitation, is it well to give several plausible reasons?
3. Is it all right to use artificial flowers on the dinner table?
4. Are silver crumb scrapers still in use?
5. Is it improper for the bridegroom to see the bride on the wedding day before the ceremony?
6. Should one say "thank you" to a servant?
7. When a young man is walking along the street with two girls, is it all right for him to walk between them?
8. When giving a formal dinner, should the carving be done at the table?
9. Should children be taught to rise when an older person enters the room?
10. Is it correct for the bride and her attendants to arrive at the church about a half-hour before the ceremony is to begin?
11. Shouldn't a call of condolence be returned?
12. Are the expressions "boy friend," "gentleman friend," and "girl friend" acceptable?

ANSWERS

1. It is the woman's privilege to offer her hand first during an introduction and if she does not offer her hand, the man should not presume to offer his. The woman is not obligated to extend this courtesy and when she does, it is because of sincere pleasure at the introduction. 2. No. One good reason is often more convincing than several. 3. It is done, when the flowers are really nice and decorative. Of course, natural flowers are preferable. 4. They are sometimes used if the tablecloth is of plain damask, but are not practical for lace or embroidery. One may fold a napkin to the thickness of a pot holder for this purpose. 5. There is nothing improper about it.

There is merely an old superstition that this is bad luck. 6. Certainly, and why not? A sincerely spoken "thank you" is never out of place. 7. Formerly it was customary on the curb side when accompanied by two women. However, now it is in perfectly good taste for him to walk between them. 8. No; it should be done in the kitchen. At an informal dinner, the carving may be done at the table. 9. Yes, and they should remain standing until the older person is seated. 10. No; they should arrive promptly on the moment set for the ceremony. 11. No; it is not required and certainly should not be expected. 12. They are not, and should never be used in introductions or conversation.

Seven lectures on Maine series

Seven outstanding men will appear on the tenth annual Community Lecture series which opens at Maine Township high school, October 22.

The series includes two travel movies in technicolor and lectures on diplomacy, British Empire, mental science, Alaska and United Nations.

Speakers, subjects and dates as announced by the lecture committee are as follows: Oct. 22, Gov. Ernest Gruening, "Alaska: New Crossroads of the World." Nov. 19, William L. Shirer, "End of a Berlin Diary." Dec. 3, Randolph Churchill, "The British Empire in the Modern World." Jan. 14, Thor Heyerdahl, "Kon-Tiki Epic" (movies); Feb. 4, Dr. Harlan Tarbell, "Mental Mysteries." Feb. 18, Clement Conger, "Castles and Fiestas in Spain" (movies); Mar. 7, Dr. Carl Hambro, "Have We a Truce or a Peace?"

Season tickets to these Wednesday evening lectures are \$3.

Mailman's Corner

Did it ever occur to you that the good points you admire in yourself are often the very ones that others dislike in you?

Take John, who prides himself in being outspoken.

"I always say what I think!" John boasts. "Truth is truth, and it should be told!"

Ah, yes! But think of the time when needless words of truth cause tears and heartaches!

It is my observation that most "outspoken" persons are more ready to criticize than to encourage. Such people make of frankness a cruelty. Are you one of those thoughtless "outspoken" persons who always speak the truth "when it should be told?" Perhaps you would have more friends if you didn't.

"I can not understand why some people never help out in the church!" an ardent church worker complains. Well, do you try? Has it occurred to you that sickness, children, financial trouble which compel a husband and wife both to work, a retiring or bashful disposition and a thousand other handicaps keep many

church goers from taking active part in church work? Such people resent your attitude, and think if church workers are like that, they don't want to be one. Many a former church worker has been hurt by the tactless criticism of over zealous fellow Christians. Are these reasons why people don't like you? It takes very tactful and unselfish Christians to win workers for Christ.

"I'll take the check!" Richard says at the restaurant. "I'll buy the tickets to the show. No! No! Let me do it!" He is the too generous type who make other feel like heels. People don't like him overly well, though his intentions may be the best in the world.

Mary prides herself on her friendliness. "I'm everyone's friend," she says in effect. But she over does it. She brags about people's children, home, clothes, when every word or action is only make believe as transparent as window glass. Such people make friends quickly—but lose them more quickly. A sense of humor, the ability to adjust one's self to other people's moods, respect for their opinions and gratitude for their kindness to you are the things that count. Mary's over-friendliness impressed people as insincerity.

SUES FOR RENT
 In the superior court John C. Cinnery has sue Frank Pendi over the rent to be paid for a gasoline filling station. Connerly claims to have rented the station located at Rand and River roads in Des Plaines for three years with the rent to be \$60 a month from Sept. 1. He now alleges that Pendi refuses to accept the \$60 but wants \$75.

Lesson in English

by W. L. GORDON

Words often misused
 Do not say, "Several notary publics were in the courtroom." Notaries public is the correct plural.
 Do not say, "They have lived there upwards of a year." Say, "They have lived there almost a year."
 Speak of a painting, a wall, a signature as being defaced, a person's face as being disfigured.
 Do not say, "All of us do not think we shall succeed." It is better to say, "Not all of us think that we shall succeed."
 Do not say, "He graduated from college last year." It is better to say, "He was graduated from college last year."
 Do not say, "I doubt the veracity of that statement." Say, "I doubt the truth of that statement." "I doubt that man's veracity" (quality of a person) is correct.

Words often mispronounced
 Nouveau riche (French); a person newly rich. Pronounce noo-vo resh, oo as in too, o as in no, e as in me, principal accent on last syllable.
 Elm. Pronounce as one syllable, not e-lum.
 Piquant. Pronounce pe-kant, e as in pea, a as in an unstressed, accent first syllable.
 Chasten. Pronounce chas-ten, a as in ace.
 Caribbean. The preferred pronunciation is with principal accent on the third syllable.
 Precise. Pronounce the s as in so, not as z.

Words Often Misspelled
 Confident (adjective); having belief. Confidant (noun); one to whom secrets are confided. Plaintiff; two f's. Celebrate; three e's. Physique; observe the vowels, and pronounce fi zeek, i as in it, accent first syllable. Verbatim; im. Temporary; ary.

Word Study
 "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:
 Antecedent; going before in time; preceding. "A constitution is a thing antecedent to a government."
 Metropolis; pertaining to a chief city. (Pronounce first syllable met; accent follows the l). "Her life in the country was so different from these metropolitan customs."
 Noncommittal; indicating neither consent nor dissent; not expressing a decided opinion. "My answer to such a question must be noncommittal."
 Invigorate; to give life, or energy to. "There is something in the pleasures of the country that invigorates the mind."

ANSWERS ON CLASSIFIED PAGE

WE'RE ALL SAMSONS
When you describe something as "light and airy" perhaps the term isn't as exact as you think. According to the World Book Encyclopedia, the total weight of the air surrounding the earth is nearly six million billion (6,000,000,000,000) tons! The weight of the air pressing down on a standard size newspaper page is more than two tons!

A Classified Ad. Cost Is Small

Farmer has come far
The American farmer has made wide strides forward toward efficiency in the last century and a quarter. In 1787, the surplus food produced by 19 farmers was needed to feed one city dweller. But today, according to the World Book Encyclopedia, 19 farmers can feed 56 city folks in this country and still export enough to feed 10 people in other countries.

For Plenty of Milk ... AT LOW COST

FEED

16% DAIRY FEED

Dairymen ... see for yourself how better feeding pays you real dividends. The better your milk production is ... the lower your feed cost per pound of milk. So, for production and profit sake, give your cows a quality ration that will keep their milk flow at a uniform, high level. ARCADY 16% DAIRY FEED is just such a ration. It is made up of tested ingredients, to give every cow a balanced variety of nutrients in her ration. ARCADY 16% DAIRY FEED has kept pace with the latest scientific knowledge, for it is blended under laboratory control. Ask us for complete feeding program for ARCADY 16% DAIRY FEED. Get a supply now.

Expect large crowd at IAA annual meeting

With the 33rd annual meeting of the Illinois Agricultural Association and Associated Companies being held in St. Louis this year, Southern Illinois County Farm Bureaus are expected to be strongly represented. The convention will last from November 17 through November 23.

General sessions and most of the conferences will be held in the Jefferson hotel and Memorial Auditorium.

This year a dinner will be held for the voting delegates, probably on Tuesday evening. Also on Tuesday evening a general entertainment program will be held for all members attending the convention.

Farm Bureau presidents and farm advisers will meet at 10 a. m. November 17 for their annual session and luncheon. Farm Bureau presidents will meet later in the afternoon for their annual conference.

Arrangements are being made to house the large influx of Farm Bureau members expected to attend the convention and while rooms are somewhat easier to get than during the war, those planning to attend are urged to secure reservations as soon as possible through their county Farm Bureaus.

Royal wheat distributed

A new soft winter wheat was recently announced by the University of Illinois College of Agriculture, Named Royal, the new wheat offers some promise for south-central and southern counties of Illinois.

We hear that the 1,700 bushels produced during this first year of seed increase will go to 40 counties in the central and southern areas of the state.

J. C. Hackleman, crops extension at the University, says that the wheat was developed by O. T. Bonnett of the experiment station staff and was named after Royal Oakes, of Bluffs, Illinois. Mr. Oakes is a veteran Scott county farmer, wheat authority and long-time cooper with the agricultural experiment station.

The new wheat is high-yielding, averaging 38 bushels an acre for the past three years at Alhambra, Illinois. It is resistant to stem rust an mosaic disease and is moderately resistant to loose smut. Although leaf rust attacks Royal wheat, the new variety is not so susceptible as Wabash. The milling characteristics of Royal are termed satisfactory.

Milk Distribution
More than 50 million quarts of fresh milk and cream a day are distributed to consumers through home deliveries and stores. Milk and its products comprise around 25 per cent of the foods estimated to be consumed annually by the average American.

DO YOU KNOW—
That the slash in mens coat sleeves is a relic of the days when men settled their difference with the sword. To prevent melords elaborate sleeve from being in the way on such occasions his cuffs were originally slashed so that they could be turned back.

GI questions

This is another in a series of questions and answers regarding the rights of ex-servicemen and their families, as answered by Mr. Edw. J. Kehe, Veteran Employment Representative, Illinois State Employment Service, at 5306 W. Lawrence avenue. For further information contact Mr. Kehe. In this series, the ISES attempts to answer questions most frequently asked by ex-servicemen and women.

Question: Where can a veteran get his Terminal Leave bond cashed?

Answer: At any banking or financial institution which is now authorized to cash savings bonds. They consist of commercial banks, saving and loan associations, building and loan associations, including cooperative banks, credit unions, cash depositors, industrial banks and similar financial institutions.

Question: What identification will be necessary for a veteran to cash his Terminal Leave bond?

Answer: For the veteran's protection, the Treasury has asked banks and other financial institutions to require presentation of discharge or separation papers. In special circumstances where such original papers are not available, paying institutions are requested to exercise extra care and diligence so as to avoid payment to the wrong person.

Question: What states are paying a bonus to veterans?

Answer: As of June 30, the following states and territories have made provisions for a bonus to veterans: Alaska, Connecticut, Hawaii, Illinois, Michigan, Rhode Island, Mass., New Hampshire, Vermont in addition, New Jersey pays to blind veterans only \$500 annually for life.

Question: I understand that gold star lapel buttons are being issued to next of kin of persons who lost their lives in the armed services of the United States in World War II. How can I get one?

Answer: Regulations and application forms are not yet available, but will be shortly.

Question: I have been informed that my disability compensation is to be reduced in 60 days. What can I do to prevent this reduction?

Answer: You may submit additional evidence to show that the reduction is not warranted. This evidence must be in the Veterans Administration office prior to the expiration of the 60 day period.

Northbrook home

Suburban life appeals to Martha O'Driscoll, movie actress, so much so that she plans to forsake Hollywood's bright lights and devote herself to being a "happy, contented wife" in Northbrook. Announcement of her retirement from the cinema world was made upon her return from a wedding trip to Sweden with her husband, Arthur Appleton, president of the Appleton Electrical company.

Food crisis emphasizes conservation

The world food crisis and developments in crop conditions here at home emphasize the need for farmers to begin now to give careful consideration to their conservation plans for 1948. "The short corn crop of this country and disastrous failures in Europe give us a demand similar to that during the war," explained Mr. Carl M. Bornet, Chairman of the local AAA Committee, "and this means that our conservation program must be geared to obtain maximum production with a minimum loss of soil and soil fertility."

The committeeman pointed out, too, that in view of the serious food situation it might even be necessary for many farmers to use ACP assistance in carrying out practices that will increase the production of greatly needed crops. He said, "We must still concentrate on production as well as conservation. In fact, the need for more food makes our efforts in soil building more important than ever before. On this basis all conservation techniques — all programs must be fully utilized."

Mr. Bornet also charged local farmers and committeemen with a big part of the responsibility in accomplishing the desired results. "Under the 1948 ACP Program, which is now being formulated, considerable local adjustment is permitted, so it is up to us right here in the country to devise ways and means within the scope of the program to meet our local conservation problems. It's not an easy task and it's materially complicated by the fact that less assistance from the Federal Government can be expected during the coming year. Prospective funds available will be considerably less than 4 million dollars, which compares to around 9 million used this year in the state."

"This means," concluded the committeeman, "that every effort must be exerted in securing the greatest amount of conservation with the funds available. To do this we must begin now to look ahead and to plan for both production and conservation needs in the coming year."

Cornpicker accidents

Harvesting the corn crop will soon be the number one farm job. It will bring into operation more than 150 thousand mechanical pickers. Even though these machines are well guarded and specific instructions are given for safe operation, many operators will meet with accidents due to carelessness. Every fall corn-picker accidents run high in the corn-belt states. Besides being costly, many of them are fatal. If you are going to operate a corn picker this fall, follow the rules of safety — always.

LAW on the FARM

Rendering Plants — According to an Illinois law "in relation to the use and disposal of dead animals," all rendering or dead animal disposal plants operating in Illinois must procure an annual license from the State Department of Agriculture. The department has the responsibility of inspecting such plants and enforcing the following regulatory provisions contained in the law:

"Each place for the carrying on of said business shall, to the satisfaction of the department, be provided with floors constructed of concrete, or some other non-absorbent material, have adequate drainage, be thoroughly sanitary and adapted to carry on the business."

(1) All carcasses shall be processed or disposed of within 48 hours after being delivered to the plant.

(2) Cooking vats or tanks shall be airtight except for proper escapes for live steam.

(3) Steam shall be so disposed of as not to cause unnecessary annoyance or create a nuisance.

(4) The skinning and dismembering of bodies shall be done within the plant.

(5) No uncooked carcasses or portions of carcasses shall be fed to any livestock.

(6) Such portions of bodies as are not entirely consumed by cooking or burning shall be disposed of by burying as hereinafter provided, or in such manner as the department may direct.

(7) In case of disposal by burying, the burial shall be to such depth that no part of the body shall be nearer than four feet to the natural surface of the ground and every part of such body shall be covered with quicklime.

Carcasses of animals that have died from diseases must be hauled in a covered watertight vehicle bed or tank so constructed that no drippings or seepings can escape from it.

Vehicles when loaded with the carcass of an animal which has died of disease shall be driven directly to the place of disposal, except that the driver in so driving, may stop on the highway for other carcasses but he shall not drive into the yard or upon the premises of any person unless he first obtains the permission of the person to do so.

The driver or owner of a vehicle, used in conveying animals which the driver or owner has reason to believe died of disease, shall immediately after unloading the animals, cause the vehicle bed, tank, wheels and all canvassing and covers to be disinfected with a solution of at least one part of cresol dip to four parts of water or with some other equally effective disinfectant.

No person caring for or owning any animal that has died shall allow the carcass to lie about his premises. Such carcasses shall be disposed of within twenty-four hours after death by cooking, burying, burning or by sale to a person licensed to dispose of dead animals.

The law on dead animal disposal is in the Illinois Revised Statutes, Chapter 8, Sections 149-167. Information about the enforcement of this act may be procured from the State Department of Agriculture.

Food conservation spotlights hog influenza

President Truman's appeal for food conservation emphasized the need for Illinois farmers to be on guard against swine influenza, the Illinois State Veterinary Medical Association warned today. Dangers from swine influenza is greatest at this time of year, representatives of the Association declared, and every precaution must be taken.

"Mortality is not high, but influenza causes loss of weight and a general lowering of vitality, which means less pork and fewer dollars, losses which neither the farmer nor the general public can afford right now," it was pointed out.

"Infection spreads fast and a whole herd may become affected within 48 to 72 hours. Outbreaks are especially serious in breeding herds, causing a lowered birth-rate and stillborn and weakly pigs. Correct diagnosis is required as swine influenza resembles other infections. Careful treatment and nursing encourage prompt recovery, which serves to reduce the weakening and costly effects of the disease."

Livestock can use soft corn effectively

Many Illinois cattle feeders will have some soft corn this year. An ideal method of utilizing it is to make it into silage for feeding to beef cattle. Steer calves or yearlings are well adapted to using this silage. To make moderate gains, the cattle should be wintered on the silage. A standard ration for wintering steer calves at the University of Illinois has been to feed 22 to 25 pounds of corn silage, about 2 1/3 pounds of legume hay and one pound of soybean meal per head daily. One-tenth pound of salt is always available. The calves have gained an average of 1 1/3 pounds a day on this ration for about 140 to 150 days.

Three systems have been used to fatten the calves after the wintering period.

One system involves pasturing them for 90 days on good pasture without grain and then starting them on corn and protein supplement in drylot. The calves will be ready for market in November.

The second system calls for full feeding or pasture and adding protein supplement to the ration when pasture beings to fail. The calves are finished in drylot for the last month. Those handled in this way are ready for market in September or early October.

The third system involves feeding in drylot for about six months following the wintering period. At least eight pounds of silage per head daily can be continued in the ration until warm weather. These calves will finish somewhat earlier and use about the same amount of corn as steers fatted on pasture.

Yearling feeders handled in the same way will finish for market somewhat sooner, but will make less efficient use of feed.

Japan

Private First Class Ronald E. Fues of Mt. Prospect is now serving with the 187th Glider Infantry Regiment, 11th Airborne Division, in the northern sector of Japan, on the Island of Hokkaido. Pfc. Fues is serving as a rifleman in the Third Rifle Platoon of Company "G" of the 187th Regiment. Fues is the son of Mrs. Pearl Fues, who resides at 105 Prospect Manor, Mt. Prospect.

Fues joined the army at Fort Sheridan on the 11th of Sept., 1946, and was then sent to Fort Dix, N. J., for his basic training.

At Camp Stoneman, California, where he was assigned after completing basic, Fues sailed for Yokohama, Japan, arriving in the Nippon port on Dec. 21, 1946. At the 4th Replacement Depot, 35 miles from Yokohama, he joined and was assigned to the 11th Airborne Division. He qualified as a paratrooper on Feb. 13, 1947, graduating from the Division Jump school at the Motosushima Army Airfield, Honshu, Japan, with Class 25.

Before entering the army, Fues was employed as a Civil Engineer in his home town. Upon receiving his discharge, he plans to continue to engineer.

Pvt. Raymond D. Krause, son of Mr. and Mrs. M. Krause, of Route 1, Roselle, is now serving with the 21st Infantry Regiment, a unit of the 24th Infantry Division in Japan. The 24th, known also as the "Victory Division," is now occupying the entire island of Kyushu, southernmost and third largest of the Japanese home group.

Pvt. Krause entered the Army on September 5, 1946, at Chicago, and prior to overseas shipment, received basic training at Fort McClellan, Alabama. He arrived in the 21st Regiment on December 18, 1946.

Recreation facilities such as softball, baseball, tennis, and basketball, are always on hand for the troops to enjoy during their off-duty hours. A new theater also provides them with the latest motion pictures and U. S. O. camp shows.

Before entering the army, Krause attended high school, and was employed by Peter Weata, Tree Trimmers. He has two brothers, both in service, LeRoy, who is serving with the Marine Corps in the Pacific, and Carl, who chooses the navy as his branch of service, and who also is serving in the Pacific.

AUGUST HACKBARTH

The estate of August M. Hackbarth of Palatine, who died intestate August 26, has been opened in probate court. It is estimated at \$5,000 in personal property and \$6,000 in real estate. His heirs are his wife and daughter Pauline, both of Palatine, and sons, Herbert, of Arlington Heights and Alfred R. of Wilmette. Alfred was named administrator of the estate.

Panama

First Lieutenant Chauncey J. Wright of Palatine, recently arrived in the Panama Canal Department by Pan American World Airways for duty with the 549th Military Police Company. The organization to which he

Crippled children's clinic at Glenview

A clinic for physically handicapped children in the Glenview area will be held from 9:00 a. m. to 2:00 p. m., Wednesday, October 15, at the Glenview Village Hall, Dr. Herbert R. Kober, state director of services for crippled children, announced.

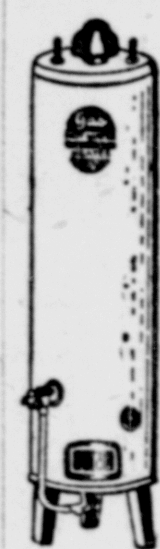

The clinic will be conducted by the University of Illinois Division of Services for Crippled Children in cooperation with the Tuberculosis Institute of Chicago and Cook County and the Cook County Department of Public Health.

The clinic staff will include Dr. Fred Hark, orthopedist, Dr. Elfrida Horst, pediatrician and Miss Jeannette Frasier, speech and hearing consultant.

Additional information may be obtained from Miss Beatrice Borzuth, Division of Services for Crippled Children, 222 W. Adams st., Room 1429, Chicago, telephone Franklin 7495.

has been assigned is located at Fort Amador, Canal Zone, on the Pacific side of the Isthmus of Panama and is responsible for the maintenance of order and discipline for troops of the Pacific Sector, Panama Canal Department. The 549th is one of four Military Police companies in the Department, two on each side of the isthmus.

Lieutenant Wright entered active duty with the army in December of 1942 and since that time has served at several stations in the United States. His last station before coming to the Canal Zone was Fort Knox, Kentucky, where he was commander of a Military Police Unit.

Mrs. Marie Wright, the Lieutenant's wife, is residing at Vine Grove, Kentucky at the present time.
